FIRST IN RESULTS TO ADVERTISERS

NUMBER 38

18 Volunteers Will Aid Clabaugh in Sugar Registration

Teachers and P. T. A. Members Will Act as Registrars for Local Area

Eighteen volunteer registrars will assist School Site Administrator Ralph E. Clabaugh when residents of the Antioch area register for sugar rationing cards at the Antioch Grade school on May 4, 5, 6 and 7. The assistant registrars will be volunteers mostly from the membership groups of P. T. A. associations and teachers in the elementary schools.

The local registration will be a part of the approximately four million statewide Illinoisans who will sign up for sugar rationing cards, according to Henry J. Pope, Jr., state rationing administrator.

Pope estimated, however, that only one million citizens would go to the local grade schools for registering as in most instances one member of the family would register for the entire family unit.

Registration centers are being set up in approximately 12,000 grade school houses under the direction of the county rationing boards, with the cooperation of school county and city superintendents, Pope said. Registrars, in most instances, will be the regular school teachers in their respective schools. Citizens have been instructed to register at the nearest grade school in their own school district, but as in the case of rural Lake county several school districts have been combined into one area.

Antioch District. Registering at the Antioch Grade school will be residents of School Districts 27, 30, 33, 34, 35 and 36, known as Hickory, Ilean Hill, Lammons, Antioch, Channel Lake and Grass Lake. Residents of districts 10, 38 and 114 in Grant township will register at the Fox Lake Grade school, and the Lake Villa Grade school will be the point of registration for residents of school districts 31, 32, 40, 41 and 48, while residents of districts 37 and 39 in Grant township will register at the Gavin school.

Under the alphabetical schedule arranged by Mr. Clabaugh for the four days' registration period, residents whose names begin with the letters A to E inclusive will be registered on Monday, May 4; those from F to K, inclusive on Tuesday; from L to R inclusive on Wednesday, and from S to Z on Thursday. This plan, according to Clabaugh, was designed to avoid congestion of registrants on any one day. There is no "hard and fast" rule, however, the Principal explained, and residents may register at any time during the period, but he asks observance of the days specified insofar as is possible.

Hours of Registration

The hours of registration will be between 4 and 9 in the evening on each day. The Antioch school will close its classes at 2:30 p. m. on each of the four days and the rural schools (continued on page 3)

ANTIOCH MERCHANTS TO CLOSE WEDNESDAY NIGHT DURING SUMMER

A move to conserve electricity as an aid to civilian defense, as well as the conservation of gas and tires, a group of Antioch business men this week announced that their places of business will be closed on Wednesday nights during the summer months.

In view of the fire situation, and the fact that no merchandise can be purchased on Wednesday nights that could not well be bought at other times during the week, the merchants making the agreement believe they are rendering a service in the interests of defense by not keeping their stores open after 6 p. m. except on Saturday. Wednesday night business has been described as "not profitable," and it has been so regarded by many for several years.

A list of those who will observe the Wednesday night closing was brought to the News this morning. They are: Bob Mann's Shield of Quality Store, Antioch 5 & 10c Store—111. Holbeck Webb's Variety Store, Antioch Packing Co. Market A & P. Store, National Tea Store, Eckert's Gamble Store, Frank Roblin Hardware Store, The Style Shop, MariAnne's Dress Shop, Williams' Department Store, Maud Sablin's Woman's Store, Darnaby's Shoe Store, Antioch Shoe Shop, Powles Market.

BELL COMPANY REFUSES TO ABOLISH PHONE TOLL

The Bell Telephone company will not discontinue the 10 cent toll fee charged between Antioch and Lake Villa, according to District Manager A. R. Andrews of Libertyville, and General Superintendent Miller, who conferred with Antioch residents here Saturday.

Residents of the two towns who have objected to paying a toll on calls handled through one exchange, that of Antioch, base their protests also on a "mileage" basis and claim discrepancy in rates between Antioch and Lake Villa to more distant points, citing that calls between the two local points cost 2 cents per mile while calls to Chicago cost less than 1 cent a mile, and that two or more exchanges are involved in completing such calls.

District Manager Andrews has explained that the Bell company's rates are sanctioned by the Illinois Commerce commission by a blanket approval of the company's method of computing rates, and that the local rates will remain as they now are unless an order to the contrary is given by higher officials of the Bell company, or are ordered changed by the state commerce commission. The controversy has been referred to other Bell company officials.

Andrews also stated to the News that the exchanges at Lake Villa and Antioch are not profitable, in fact they represent an actual loss to the company considered from the standpoint of local service. It is the toll business and their part in acting as feeder sources for the Bell system that justifies their existence at all, Andrews said.

COUNTY COMMITTEES ELECT CHAIRMEN AT MEETINGS MONDAY

G. O. P. Re-elects Marks for Third Term; Democrats Name Bairstow

William M. Marks, of Lake Villa, was re-elected for the third term as chairman of the Lake County Republican Central committee at the organization meeting of the committee held in the circuit court room in Waukegan Monday night, and the Democratic committee, meeting in the county court room, named Jack E. Bairstow chairman.

Marks' chief opposition for re-election was John R. Spellman of Lake Forest. A roll call vote resulted in a 3 to 1 victory for Chairman Marks.

Others G. O. P. officers elected included: LeRoy J. Peacy, of Zion, first vice chairman; E. W. Carlsen, Deerfield, 2nd vice chairman; Frank A. Poglayen, Waukegan, secretary; and Ben Stickles, Libertyville, treasurer.

The Democrats' choice of Bairstow was unanimously. Chairman Bairstow was nominated for congressman from the tenth district in the Democratic primary on April 14.

Democratic officers named to cooperate with Chairman Bairstow were Richard Stuck of Zion, 1st vice chairman; Aubrey V. Wells of Libertyville, 2nd vice chairman; Henry H. Doty of Highland Park, 3rd vice chairman; Anton Macrowski, Jr., of North Chicago, treasurer, and Louis J. Schauer of Waukegan, secretary.

137 SUGAR DEALERS REGISTER IN ANTIOCH

One hundred thirty-seven retailers, dispensers, and industrial users of sugar in this district registered at the Antioch High school on Tuesday and Wednesday, according to the report of Mr. E. W. Edwards who was in charge of the local registrations. He was assisted by high school faculty members and by George Borovicka of Reeves Drug store.

Of the total of 137 there were 29 retailers and 108 institutional and industrial users of sugar, the registration including all grocerymen, restaurant, tavern, hotel, and resort owners. Restaurants will be allowed but 50 percent of the amounts they have used in the past. Bakers, candy makers and makers of soft drinks may purchase 70 percent of the volume which they previously used.

Retailers and industrial users of sugar who failed to register will be unable to make further purchases until they have registered and procured a sugar rationing book from the Lake County Rationing Board, which has its headquarters at 118 Lake street, Libertyville, Ill.

Robert Kufalk, son of Mr. and Mrs. Roy Kufalk, Victoria street, is suffering from acute arthritis, and has been ordered to bed for an extended period.

Veterans of World War 1 Included In Registration Here

Total of 449 Enrolled for Selective Service Monday

Many veterans of World War No. 1 were included in the enrollment of men between the ages of 45 and 65 in Antioch for selective service Monday.

Twenty-seven registrars were on duty working in five shifts from 7 a. m. to 9 p. m. under the supervision of Roman B. Vos commander of the Antioch American Legion Post and Floyd Horton also a veteran of the first world war and a member of the Antioch Legion.

Volunteers assisting with the enrollment were: John Volk, Elmer Langosh, Dr. D. N. Deering, Carl Meinersmann, Laddie Masek, Ralph Kinrade, Dr. L. J. Zimmerman, Mrs. A. G. Simon, Mrs. Agnes Hills, Mrs. Paul Ferris, Mrs. B. R. Burke, Mrs. E. J. Hays, Mrs. O. S. Klass, Mrs. George Garland, Mrs. Frank Harden, Mrs. Leslie Heath, Mrs. Arthur Trieger, Prin. R. E. Clabaugh.

Lillian Musch, Anna Nielsen, Dorothy Kurzenkabe, Mrs. Edith Elms, Marian Johnson, Virgil Nowlin, Ayelen Wilson, Mrs. Fern Lux, and Jeanne Casey.

Every male citizen of the United States, and every other male person residing in Continental United States, or in the Territories of Alaska and Hawaii, or in Puerto Rico, other than persons specifically exempted by law born on or after April 28, 1877, and on or before February 16, 1897, who had not heretofore been registered under the Act, were required to register.

Those who registered on Monday are not liable for military service under the Selective Training and Service Act of 1940, as amended. They will be required later to fill out an occupational questionnaire concerning their civilian qualifications and skills, but that is for the purpose of obtaining information only.

When registering, each registrant answered the following nine questions: (1) Name of Registrant; (2) Place of Residence; (4) Telephone; (5) Age in years and date of birth; (6) Place of Birth; (7) Name and Address of Person who will always know your Address; (8) Employer's Name and Address; and (9) Place of Employment or business.

After a registrant answered all questions and signed his name to the registration card, he was given a registration certificate signed by the registrar. This certificate must be in the personal possession of the registrant at all times. Failure to possess the certificate, or to show it to authorized persons, constitutes a violation of Selective Service Regulations and is considered prima facie evidence of failure to register.

College Honors Awarded to Three Antioch Students

Among the outstanding scholars in the University of Illinois who will be in the spotlight tomorrow (May 1) is Miss Roberta Selter, daughter of Mr. and Mrs. Walter Selter of Antioch. Classes will be dismissed and laboratories closed for two hours tomorrow while students and faculty attend the University's eighteenth annual Honors Day Convocation.

The meeting will be in the University Auditorium at 10:15 a. m. and the proceedings will be broadcast over the University's radio station, WILL (580 K. C.).

Miss Selter will be awarded Class Honors for her work in liberal arts and sciences.

And from Winter Park, Florida, comes word that Joan Youme Jensen of Antioch, has been named on the honor roll of 25 students maintaining the highest scholastic average at Rollins College during the winter term. The announcement was released yesterday from the dean's office.

Miss Jensen, a transfer from Northwestern University at Evanston, is the daughter of Dr. and Mrs. G. W. Jensen of 1185 Main street, Antioch.

Hawkins Honored at Illinois' Because of his high standing in scholarship and in extra-curricular activities at the University of Illinois, Fred Hawkins, 689 No. Main St., has been named for membership in Skull and Crescent, sophomore activity honorary organization for fraternity men. He is a member of Delta Tau Delta fraternity.

The purpose of the organization is to promote good fellowship between the members of the various Greek letter houses. Forty-six men were chosen to become members of the organization.

Mrs. I. C. Patterson spent last week in Chicago.

A HANDCUFF WEDDING

ROSLING HONORED BY FOX LAKE GROUP

While members of the Antioch Rescue squad, both lay members and instructors, offer their services without pay, Herman Rosling, assistant fire chief and first lieutenant of the Antioch squad, found himself handsomely rewarded Thursday in Fox Lake where he had completed instruction of a class of 12 members in first aid. Lt. Rosling not only was thanked but the class members presented him with a billfold containing \$26 as an evidence of their appreciation.

The class included many prominent public officials and business men of Fox Lake. Rosling said they attained high rating in the final first aid tests.

Antioch Lions Plan Annual Golf Tourney

Name Committee for Event; See Plant Food Movie Monday Night

Plans for the holding of the annual golf tournament of the Antioch Lions club at Chain O' Lakes Country club on May 11 got under way with the appointment of a committee at the dinner meeting of the club held Monday night at Ted Smith's resort at Channel Lake.

Named on the committee by President Bob King were Irving Carey, George Wagner and Art Smijkal, who will select other assistants to help them make the event a gala occasion.

Also named was the nominating committee which will recommend prospective officers to be elected in June. Heading the committee as chairman is Dr. D. N. Deering and he will be assisted by George Bacon and William Rosling.

An encouraging report on the progress made toward procuring motor coach service for the lake region was given by Daniel S. Boyer, committee chairman, who said he had hope of seeing the service inaugurated soon.

Following the business session the club saw a moving picture entitled "Plant Food," released by Armour & Co., and showing many of the finest flower gardens in the country. The picture was in technicolor.

Early Morning Blaze Destroys Truck, Car, Garage at Loon Lake

Fire at 4:30 o'clock Tuesday morning destroyed a garage, an automobile, and a truck nearby at the home of Wm. Knust at Loon Lake. The flames are thought to have originated from a trash pile that had been burned the evening previous.

The fire was discovered by Fritz Wolf who lives across highway 21 from the Knust home when he noted the red glow in the sky but could not see the flames until he went out to investigate.

Twelve firemen from the Antioch department responded to the call but finding the garage and cars almost totally destroyed they confined their efforts to protecting the nearby buildings.

Mr. and Mrs. John Doyle of Ken-doyle, Channel Lake, were guests of their daughter, Sister Mary Danette, B. V. M., in Chicago Saturday.

Girl Swimmers Rescue Three at Lake Catherine

Lives of Two Men and a Boy Periled When Boat Capsizes

Five Antioch girls, all students in the local high school, who were taking their first swim of the season yesterday effected the rescue of two men and a boy from what seemed certain drowning in Lake Catherine.

Victims of the nearly fatal accident were Daniel O'Brien, of 1530 N. Kilpatrick avenue, Chicago, who owns a summer home at Lake Catherine; James Story of Antioch, and Ronald Johnson, four-year-old son of Mr. and Mrs. Milton Johnson, also of Lake Catherine. O'Brien and Story, with the boy in their boat, were fishing and the boat capsized when the men attempted to change seats. Fifty feet away was the raft and the five girls—Sybil Johnson, Dorothea Nevitt, Frances Zimmerman, Catherine Quigley and Jean Hutchinson. Immediately they leaped into the water. Dorothea and Frances swimming with Story to shore, while Sybil rescued her brother, Ronald. Then all the girls went to the rescue of O'Brien who had his head locked between the boat and an oar. The girls swam with him to the raft where artificial respiration was administered. The man soon recovered from the shock and he was taken to shore in another boat.

Later O'Brien received medical treatment at his home and Story was brought to his home in Antioch. All three of the victims today are reported to be none the worse for their experience.

Parents and Son Night Replaces Father-Son Banquet

Mothers as Well as Fathers to Attend Future Farmer Event Tonight

Instead of the customary Father and Son Banquet sponsored annually by the Future Farmers of the Antioch Township High school that organization tonight is sponsoring a Parents and Son event starting promptly at 8 o'clock.

The event tonight will be in the nature of a pot-luck luncheon, with everybody being asked to contribute some article of food. That will be the only expense as no charge is being made for admission.

On the program preceding the lunch will be a good speaker, motion pictures, musical comedy and other entertainment.

All the present and past members of the Vocational Agriculture classes and their fathers and mothers are invited to attend the meeting. This is the nineteenth annual meeting and is the first time in the history of the organization that the mothers as well as the fathers have been asked to attend. C. L. Kutil, vocational agriculture instructor, will serve as master of ceremonies.

Mr. and Mrs. Ray Eddy of Great Lakes are spending a few days at their home at Lake Catherine.

Antioch Board Renews Licenses; Fiscal Yr. Begins

Hold Special Meeting to Clean up Old Year's Business

Village Clerk Roy L. Murrice tomorrow morning will open a new set of books in which will be recorded the transactions of the village of Antioch for the coming year. The fiscal year closes tonight at midnight.

One of the first entries in the new ledgers will be the record of granting of licenses to five tavern operators, a liquor store, one beer license, and 13 non-gambling devices—games of "more or less" skill known to the cash customers as pinball machines. For each of these, the operators will pay a fee of \$60 into the village coffers for the privilege of entertaining the public through use of the machines and incidentally relieving them of spare or loose change.

The new improved type of machine appearing throughout the lakes area is faster than the old type machines which required balls to operate, whereas the newer console model has just a lever to push—no balls to fuss around with at all. Licenses are not issued for the new type machine in Antioch, or in Lake county.

Supreme courts in two states—New Jersey and New York—have ruled pinball as a game of chance, and many cities have taken steps to ban the machines. If that happens here there will be no refund of license fees, according to the ordinance enacted recently by the village board.

Tavern operators paid one-half of their \$350 license fee cash on the line for the privilege of opening up for the early morning business tomorrow. The licenses were delivered by Clerk Murrice today.

Will Increase Air Raid Warden Force in Antioch Township

Civilian Defense Council Wants 50 More Volunteers for Summer

Fifty more junior air raid wardens to be on call for service during the summer months in the Antioch Civilian Defense area were recommended last night at the first township meeting held at the Grade school under the new plan which provides that civilian defense workers meet in their own localities instead of having to drive to meetings in Waukegan.

More than fifty persons including village board members, rescue squad men and teachers and local air raid wardens attended the meeting which was called by Senior Air Raid Warden Ronan Vos.

There are now in the township 15 wardens and 60 assistants, totalling 75, but this number should be increased to 125 during vacation time due to increased population in the resort area, Vos said. The 50 additional wardens will be appointed.

Paul King, of Waukegan, county defense co-ordinator, outlined the latest developments in defense efforts as related to rural districts, and Mrs. E. R. Letchen, Chicago, spoke on behalf of the plan for making regular purchases of defense bonds and stamps out of earnings.

NEVITT'S TAVERN IS SOLD TO G. B. McBRIDE

Nevitt's Tavern, owned and operated by F. M. Nevitt at 932 Main street for the past five years, has been sold to Grace B. McBride of Mundelein, who will take charge of the place tomorrow, May 1.

Nevitt, who has operated the Nevitt Motor Freight line from Chicago through Antioch to West Bend, in Wisconsin for the past 14 years, will give his entire time to the trucking business.

Tonight Mr. and Mrs. Nevitt are sponsoring a farewell party at the tavern.

Private Robert Strang, Camp Gordon, Augusta, Ga., arrived in Antioch Monday for a visit with his parents, Mr. and Mrs. Lee Strang. Robert was wearing a marksmanship medal which he earned in competition at Camp Gordon. He will return to camp on May 7.

Corp. Wilford F. Jenrich, who has been stationed at Camp Forrest, Tenn., for the past seven months, is home on a 7-day furlough.

Meat for the Dictators

Government officials have asked for and received unlimited wartime "powers" from the government. simple fiat Government can now make or break any industry. Plans are being formulated for a universal draft. The public and industry itself have granted this grim, total authority to Government in the belief that it is the only way to win the war. Government has not been slow in demanding great sacrifices from the American people and their industries under this authority. But is Government giving, as well as taking? In many vital respects it most certainly is not.

For example, high government officials have asked for "all out" cooperation from defense industries. Quick production of limitless quantities of tanks, planes, guns and ships together with the ammunition, coal and oil to operate them, have presented stupendous technical obstacles. But technical obstacles are not all that industry has had to face. It can conquer those. It has had to face almost insurmountable political obstacles, many of them created by the very officials who have been so quick to ask for co-operation.

To get vast production requires just what the Government has asked for, co-operation—co-operation between different industries just as much as between government and industry.

Industrial representatives have worked for months to secure the right to cooperate with each other without being thrown in jail for infringement of the anti-trust laws. Late interpretations of these laws virtually prohibit a fully unified industrial war effort. Procurement of military equipment has been inexcusably delayed by this one example of bureaucratic stupidity. No one wants to permanently weaken the anti-trust laws any more than any one person wishes to permanently establish a "total" government. But Congress can enact special legislation for the duration that will allow in-

dustry to pool its resources and abilities, and thereby assure the greatest immediate industrial output without subjecting its management to prosecution.

We have a war on our hands. The men on the battlefield need equipment. If they suffer the fate of "too little and too late," it is the fault of those who remain at home. Failure will bring a day of reckoning that no excuses, political or otherwise, can answer. Legal red tape which jams production is meat for the dictators.

Wake Up, America—It's Late!

An editorial in the New York World-Telegram says in part:

"The nation needs to awaken to the full gravity of the peril that confronts it."

"Production Director Donald Nelson appeals for vastly increased industrial output on a 24-hour, seven-day basis—168 hours a week. Maximum production, in short."

"Can we get it?"

"Not until we quit thinking in terms of less work for more money."

"Not while farmer politicians are more interested in higher prices than raising more essentials."

"Not while government bureaus—created to meet a depression emergency that is ended—continue to grab for themselves money needed for armaments."

"Not while an army of Federal press agents clamors to promote and perpetuate activities that have no present need or value."

"Not while Congressmen try to put over useless canals and river schemes and take up the time of defense officials clamoring for factories and contracts as if war were a great game train."

"Not while the life-and-death need for uninterrupted production is used as a weapon to put over the closed shop."

"Not while a man can't be employed on an army project or in a war plant until he pays \$20 to \$50 or more to a labor racketeer."

"Not while pressure blows clamor for higher benefits, bounties and pensions."

This is a recital of conditions we all are familiar with, and which every last mother's son of us should help correct now—not next week, or next month, but now! Now!

Yesterdays

Taken from the Files of the Antioch News April 26, 1906
35 YEARS AGO

At the school election held at the school house on Sunday evening J. C. James, Jr. was elected to serve as director for a term of three years, by a three majority, there being 107 votes and 92 were cast for J. C.

Mrs. Mary M. Gray and daughter, Susan, returned home on Friday last from DuPont, Mo. where they have spent the past winter.

On Wednesday evening the Antioch Chapter O. E. S. organized an organization of a new chapter in DuPont, Mo.

Fashions in Jewelry

Silver mounted rock crystal plectrums and chapeaux are in demand.

In some of the finger rings the gems are set entirely around the fingers.

For chateaus there are tiny pencils encased with an enameled snake.

Some watch seals and pockets are holding favor with the young ones.

The latest in prayer books and hymnals are those with gold-mounted shell covers.

Chapeaux of tinted and enameled glass are enriched with silver handle and base.

Nunches with newer watch bracelets are those made of gold Mianese chain work.

A single flexible chain band of gold encased by a diamond slide is a pleasing style of watch chain.

Effective silver-mounted leather goods are made by richly lined Morocco leather with silver inlaid work.

An attractive bracelet of two gold chains has for a pendant two little bells with pearl plumage, diamond beads and ruby eyes.

WILMOT

Frank Jones spent the week end with relatives and friends at Madison.

Mr. Rasmussen and Mrs. Ida Peterson and son of DuPont called on Mr. and Mrs. Warren Roberts and family.

Dr. and Mrs. Robert J. Wilmette visited Mr. and Mrs. Frank Keenan Sunday.

Mrs. Herbert Sarbacher is spending several days with her parents, Mr. and Mrs. John R. West at Zion.

Mrs. J. Sarbacher is visiting her daughter and family, Mr. and Mrs. August Burkart at Woodstock.

Mrs. Lynne Haselmann is now employed at the telephone office at Burlington.

Mrs. Charles Kniss, Sr. and Mrs. Charles Kniss, Jr. returned home Saturday evening after spending four weeks at Chicago, Minn. visiting their daughter and granddaughters, Mrs. William Hedegaard and family.

Mrs. Viola Sherman and Mrs. Ray Burton were Burlington callers Friday.

Re Hegeman spent the greater part of last week at his Milton Junction, Ill. drug store.

Miss Marylee Oldenberg of Pell Lake and Mrs. Viola Kniss spent the day Saturday in Kenosha.

Mr. and Mrs. Russell Elwood and family spent Sunday at Egan Lake, visiting the former's mother, Mrs. R. Elwood.

Mr. and Mrs. Gust Neumann and daughter, Virginia, and Doris, were Sunday dinner guests of Mr. and Mrs. Ben Eberman at New Munster.

Mr. and Mrs. Lyle McDougall and Mrs. Harry McDougall visited Mrs. Wallace Kunkel and infant son at the Burlington hospital Sunday evening.

Mrs. Ray Burton called on Mrs. L. Taylor at Genoa City, recently.

The Misses Doris Neuman and Thelma Jackson spent Friday and Saturday at Whitewater, attending the local tournament.

Mr. and Mrs. Elmer Rasch and daughter, Shirley, called on Mr. and Mrs. L. E. Sweet at Richmond Sunday evening.

Mrs. Gust Neuman is spending this week at Fox River, caring for Mrs. Gust Neuman, Sr. who is ill.

Rev. R. P. Otto spent two days last week at Milwaukee, attending a Pastoral Conference.

Sunday worship at the Peace Evangelical Lutheran church will be conducted at the following times Sunday School 8:45 A. M.; English Worship,

Sunday evening at the Gust Neuman home.

Mrs. John Gauger returned home Sunday after spending several days with Mr. and Mrs. Fred Gauger, at Hales Corners.

Miss Avis Voss of St. Charles spent Saturday to Monday evening at the home of her parents, Mr. and Mrs. Paul Voss. On Saturday Mrs. Paul Voss and daughters, Avis and Virgene, spent the day at Kenosha.

Mr. and Mrs. Lloyd Voss and son, Gerald spent Monday at the home of her parents, Mr. and Mrs. James Burton, at Pleasant Prairie.

The Mothers' club will hold its regular business at the school on Tuesday evening, May 5.

Mr. and Mrs. Fred Gauger, Hales Corners, were Sunday visitors with friends and relatives at Wilmet.

Mrs. T. C. Loftus has returned to her home here after spending the winter months with her daughter, Mrs. Ferry, at Zion.

Louis Schmitt spent the week-end with relatives at Burlington and called on his sister, Mrs. Louise Vincent, who is confined at the Burlington hospital having submitted to an operation the latter part of last week.

The Misses Arlene and Joyce Wertz, Virginia Schenning and Myrtle Jerde accompanied by Mrs. Martin Jerde and Mrs. Walter Frank, were among those who attended the band tournament at Watertown Saturday.

Miss Ardyce Hegeman spent the week-end with her parents, the Leland Hegemans, and returned to her college studies at Milwaukee on Monday morning.

The Society of Women's Christian Service will hold its regular meeting on Thursday afternoon, April 30.

Mr. and Mrs. Floyd Pacey and baby daughter spent Sunday afternoon and evening at the Cyril Pacey home.

Mr. and Mrs. Frank Walatord and the former's father of Kenosha were Wilmet callers Sunday.

The Wilmet Volunteer firemen held their meeting on Wednesday evening. This change in date was made, because the first Aid instructions are being given on their regular meeting night.

Mr. and Mrs. Warren Roberts and daughters were dinner guests of the Wayne Tiltons Sunday.

Mr. and Mrs. Dave Kimball and

Mrs. Viola Sherman were Sunday dinner guests of Mr. and Mrs. Frank Toynton at Genoa City. Mrs. Sherman stayed for the evening and accompanied the Toyntons and LaVerne Toynton to attend the grand opening of the Francis Toynton Funeral home at Walworth.

Mr. and Mrs. John Blackman called Sunday on the latter's mother, Mrs. Mary Madison, who is a patient at the Kenosha hospital. They spent Monday in Milwaukee.

Citizenship Papers

An alien may apply for citizenship papers if he has been in the United States two years and is 18 years old. His final papers cannot be secured until he reaches the age of 21.

How Brass Is Made

Brass is made by alloying copper with zinc, and there is no substitute known for the zinc.

Don't cook the good out of your food

Keep these rules near your Gas Range
to save vitamins and minerals

Most of us these days are more conscious than ever of the need to conserve the good, healthful elements in the food we buy.

If you use your gas range to full advantage, you can be sure of getting the vitamins and minerals in the foods you prepare. Clip out these simple rules... they are well worth saving.

Rules for Cooking Vegetables with Vitamins and Minerals Left In

1 Whenever possible, cook vegetables without peeling, since many minerals are found directly under the skin. If they have to be peeled, peel them close.

2 Do not peel, dice or shred too long before cooking, and never soak; exposure to air and soaking in water reduces vitamin content.

3 Use utensil with tight-fitting lid to keep steam inside; it shortens cooking time, prevents evaporation of water.

4 Use only enough water to thoroughly cover the bottom of the pan.

5 Never add soda; it destroys vitamins.

6 Turn gas on full until steam appears; put in vegetables; then turn flame to "simmer" position.

7 Do not lift cover during cooking. Stirring is unnecessary.

8 Cook vegetables only until "tender crisp." Over-cooking destroys vitamins, as well as harming flavor, texture and color.

9 Serve vegetables immediately.

10 The liquid drained from vegetables contains valuable food elements. Use it for sauces, vegetable cocktails, gravies and soups.

The Modern Way to Roast Meat with Less Shrinkage and More Vitamins

1 Place meat fat side up in uncovered low-sided pan in oven.

2 Do not add water or baste.

3 Cook at low temperature to save juices and vitamin content. Protein is not overcooked, shrinkage is reduced. Cook beef, lamb and veal at 325°, fresh pork and chicken at 350°.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Impending Menace of Allied Invasion Postpones German Spring Offensive; Army Adds New Draft Classification; Hero of Philippines Stages Repeat Role

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

DRAFT:

Has New Class

Instead of classifying men as either physically fit or unfit for military service along certain rigid standards, the army had worked out a new class, men who, if certain defects were corrected, would be marked fit for duty.

This was a new designation under the Class I-A grouping. It will be called "Suspended I-A."

In it will go men who have been declared unfit for dental reasons because of nasal obstructions, hernias which can be repaired, or stomach troubles correctable by dieting.

The new draft rules also called for men to be sent to hospitals for three-day periods if there was real doubt about their physical ability. There more detailed study could be made, and perhaps some minor repair work done.

Once these men have been corrected physically, they will be subject to re-examination by the army medical staffs, and if marked O.K. would be taken out of the suspended list and put in full Class I-A.

BULKELEY:

Hero Repeats

Not often is it in the cards for a hero to stage a return engagement on the field of valor, but this has happened for Lieut. John D. Bulkeley and his squadron of motor torpedo boats operating in the waters of the Philippines.

In January Bulkeley's men had daringly entered Subic bay and had

LIEUT. JOHN D. BULKELEY
Return engagement of a hero.

sunk a 5,000-ton enemy warship. They returned the following day and did it again.

This time Bulkeley's squadron had darted by night in-between a flotilla of destroyers and discharged their lethal torpedoes at a Japanese light cruiser, which had been reported badly damaged and probably sunk.

In this later foray he had had the misfortune to lose two of his boats, the PT 34 and the PT 35. The former was forced ashore on the island of Cebu and the crew presumably made prisoner. The other was destroyed when trapped in the harbor of Cebu to prevent its falling into enemy hands.

Bulkeley, already holder of the Navy Cross, was in line for more honors. At the very time the report came through, from his home in New York came word that he was the father of a baby son, a brother for the Bulkeleys' 18-month-old daughter Joan.

LUEBECK:

Blown to Atoms

Neutral sources had reported in Sweden the effect of the Royal Air force's non-stop blitz in the form of day and night bombings on one important German port, the city of Luebeck on the Baltic.

Swedes returning to Sweden from this port described it as blown to atoms. They said the people of Luebeck had told of "torpedo bombs" landing in the city, and literally flattening whole blocks of buildings.

Scarcely one stone was left on another, they had reported. One big shipping firm had written to a Swedish correspondent on a plain piece of paper, saying their company's building and docks had been totally destroyed. Not even a letterhead remained intact.

Seamen returning to Stockholm reported to newsmen that very little, if any of the port installations were left, and that the destruction in the town itself was "beyond description."

JITTERS:

Hit Japs, Nazis

Both Japan and Nazi Germany were reported to be suffering bad attacks of the jitters, the former because of air raid expectations, in a country badly equipped to withstand them, the latter because of the impending menace of an American-British invasion of Europe.

Reports had reached Norwegian circles in London that several divisions of new troops had been rushed to Norway. It was known that vast labor battalions were engaged feverishly in building defenses along the channel coast.

As to the Japs, they were said to be having air raid alarms constantly, even when no enemy planes were in sight. Many of these reportedly had been caused by their own planes in practice or patrol flights.

Believing the American ships which raided the Jap mainland had come from Eastern China, Japanese planes had lashed out at various towns there which might have harbored American bombers.

Unquestionably the raids upon Nipponese cities were a serious blow to Japanese morale. Their "sacred soil" was not immune to outside attack.

The worryment believed to be suffered by Hitler over possible invasion thrusts was such, London had said, to have caused a practical abandonment of any offensive in Libya or the Mediterranean front.

It was possible, they had declared, that the German spring offensive might be forced to be a spring defensive, and that the offensive might be postponed until summer if put on at all.

Many believed that if Hitler was to win the war at all, it must be in 1942, and that the practical abandonment of a grand-scale offensive on all fronts at once was really a confession of defeat.

GOP:

Comity, Co-operation

Following their Chicago convention, the Republicans had gone back to their homes somewhat surprised to find themselves with a platform of internationalism, to find that they had abandoned isolationism and that this program was written and put over by Willkie, an ex-Democrat.

However, they went back resolved to try their utmost to win a few elections this year, and some of the leaders were frank in saying they hoped for new life for the party from the change of heart.

The national committee chairman Joseph W. Martin Jr. said:

"The Republican party may well be proud of its accomplishment. It was a great day for the party when the Willkie resolution was adopted."

Some observers had felt during the battle against it that Mr. Martin wasn't so pleased as he expressed himself afterward. But in the main the GOP was confident and lively about it all.

The big paragraph in the platform was number three, which read: "We realize that after this war the responsibility of the nation will not be circumscribed within the terri-

MARTIN AND WILKIE
"A great day for the party."

torial limits of the United States, that our nation has an obligation to assist in the bringing about of an understanding, comity and co-operation among the nations of the world in order that our own liberty may be preserved and that the blighting and destructive processes of war may not again be forced upon us and upon the free and peace-loving peoples of the earth."

Outside of this, the party pledged itself chiefly to an attempt to hold down non-war expenditures.

LABOR:

Peace Is Hailed

WILLIAM H. DAVIS
He points with pride.

The chairman of the War Labor board, a division of the production board, William H. Davis, had issued a report hailing with pleasure the figures on labor troubles since the first of the year.

He cited the fact that strike stoppages in war production had been only 0.00 of 1 per cent, practically a negligible amount.

Strikes during the first quarter of 1942, he said, had been only one-fiftieth of those during the same period of 1941.

He said that the "no-strike" policy of the board, which had been sold to the major union leaders, had worked out beautifully and that there was no doubt about the success of the war production as long as this condition was maintained.

At the same time, however, the only rift in the peaceful lute of labor was the issuing of joint statements by Presidents Green and Murray of the AFL and CIO, now themselves at peace, attacking the National Association of Manufacturers.

Both Green and Murray accused the 'NAM' of making disparaging statements concerning the War Labor board in a series of newspaper advertisements.

This, they felt, was distinctly a blow aimed at the solidarity of labor in the production setup.

FLEET:

Of France

Interesting discussions, most of them theoretical, over the possible future activity of the French fleet, assuming that Laval was turning it over to German uses either directly or through Vichy, had reached the press, some figuring the fleet an important addition to Nazi might others saying it would be of little help if any.

British naval authorities, pointing to the experiences of their own handling of war vessels during wartime said that when a ship was put in fighting trim it could move 200,000 miles or more with only minor refitting.

But, they said, when ships have been demilitarized—that is, laid up as have the French ships for extended periods of time, refitting them for war duty is a big task.

This, they said, was especially true of huge battlewagons like the Dunkerque, giving the opinion that it would take months, perhaps a year, before she could be put in true fighting condition.

PATENTS:

Formal Seizure

President Roosevelt had ordered formal seizure of all enemy-owned patents in the United States whether they had been directly or indirectly owned.

This was a climatic step following the revolutions of a series of poolings of foreign patents by American large business concerns.

It had been revealed that a Philadelphia concern, merely identified by the state department as a "German, National," had been shipping chemicals from the United States to South American blacklisted firms as late as February, 1941.

That this company had paid out a large sum in royalties to Germany last year, and that this year, although no more had been paid, the company was holding its royalties, later to be sent to Germans.

That about half of the 1940 royalties were on a product indispensable for the use of this country in building planes to fight the Nazis.

This sort of activity was what actuated the President in having ordered the seizure of such patents.

Oddly enough, however, at the same time as the facts about this company were coming out, it was stated that much more information on the product had come from Germany to this country than had gone the other way. One official said:

"I don't know what we would have done about producing it for American planes without this information."

INVASION:

Following the return of General Marshall to these shores, there were general hints that an invasion soon of Europe was to be attempted by Allied forces.

It seemed that in this picture the Polish troops were not going to play such a small part. It had been reported from Cairo that "tens of thousands of Polish troops" had been sent to the Middle East to organize themselves into a resisting army, to combat any German thrust against Syria.

TREVOR

George Keulman and family of Antioch have moved into the Charles Runyard home.

Cuy Loftus, Wilnot, was a business caller in Trevor Tuesday.

Mrs. Charles Oetting was a visitor in Antioch Tuesday.

William Gallart, Salem, called on his daughter, Mrs. Lee Wilson, Wednesday.

Mrs. Kenneth Stockton of Mankato, Minn., is visiting her parents, Mr. and Mrs. Charles Oetting.

Dr. Berke, Antioch, made a professional call in Trevor Wednesday evening.

Mrs. Charles Oetting attended the Lutheran card party in Wilnot Thursday afternoon.

Mr. and Mrs. Karl Oetting and son, Chesley, Chicago, Mr. and Mrs. Alfred Oetting, Harrington, were Sunday visitors at the Charles Oetting home.

Miss Elaine Allen, Twin Lakes, called on her mother, Mrs. Jessie Allen Sunday.

Mrs. A. C. Lovestead and daughter, Silver Lake, called at the Harry Loheno home Sunday.

Mr. and Mrs. Ed Yopp and daughter, Dolly, Racine, were Trevor visitors Sunday.

Mrs. Glenn Axtell accompanied Mr. and Mrs. Oliver Axtell, Salem, to Kenosha on Friday to attend the funeral services for Mr. Marshall.

Lot owners of the Liberty cemetery held their annual meeting at the Social Center hall Saturday afternoon.

Katherine Stromberg and Katherine Keen, Chicago, spent the week-end at their Rock Lake cottage.

Mrs. Lizzie Homer and Mrs. George Kohlberg and son, Edward, are visiting their mother, Mrs. Ottila Schumacher, Sunday visitors of their mother were Nick and Arthur Schumacher of Racine, Mr. and Mrs. Pete Schumacher and daughter, Lucille, of Melrose Park, and Mr. and Mrs. Maurice Lux, Bristol.

The Harry Parks family, Chicago, spent over the week-end at the Diana lodge.

Mr. and Mrs. Fred Schonscheck and two sons, Kenosha, visited at the Lee Wilson home Sunday afternoon.

Mrs. Hans Dietrich, Twin Lakes, spent Tuesday with Mrs. Champ Parham. In the afternoon Mrs. Parham and Mrs. Kermit Schreck accompanied her to Antioch.

Mrs. Allen Copper, accompanied by Mrs. Albert Weinholz, attended the Mothers' club card party in Wilnot Tuesday evening.

Charles Oetting and daughter, Mrs. Kenneth Stockton, attended the ball game at Fox River park Thursday afternoon.

Mrs. Russell Longman spent Thursday at the Great Lakes.

Mr. and Mrs. Champ Parham were Silver Lake callers Wednesday.

Mr. and Mrs. Roy Susching and children, Pikeville, were Friday evening callers at the Charles Oetting home.

Mrs. Charles Oetting was a caller on Mrs. August Lubkeman, Bristol, one day the past week.

Sulfonamides are certain new and powerful drugs developed from coal tar. The first was discovered in 1908 by a German chemist in his search for synthetic dyes.

Sowing Pansies
Pansy and sweet peas should not be sown until November. These may be started any time until January. Both are easily grown providing one follows directions.

Total Area of Islands
The total area of all the islands in the world approximates 4,000,000 square miles.

Hitler May Fail Too
Napoleon tried, but failed to conquer two European countries, Russia and England.

HIGHLIGHTS . . . in the week's news

New York: The first of the so-called Cinderella Fleet had been commissioned, and went out on the Atlantic looking for U-boats. The boat, 110 feet long, has a wooden hull and with twin high-speed Diesel engines. The first was officially called the PC 505, but to navy men she was a Cinderella boat. They are being fabricated in large numbers all over the nation at small boatyards.

Cleveland: The scrap metal shortage allegedly had caused a drop of 150,000 tons of Republic steel during the past five months, it was reported. Government steps to move the scrap were gradually relieving the situation, it was said.

London: Sir Stafford Cripps had returned safely from India to England, but his mission generally had been considered to have failed.

SOCIETY EVENTS

CLUB STARTED 38 YEARS AGO MEETS AT KELLY HOME TOMORROW

The "Oldest Ladies Card Club" of Antioch will be entertained tomorrow afternoon at the home of Mrs. Anna Kelly at 688 North Main street.

The club was started 38 years ago by the late Mrs. Nellie Haines as a Larkin "club of ten" and euchre was the game played for the first few years. Then double Pedro replaced the euchre and finally the members switched to five hundred.

There are still three charter members of the club: Mrs. Effie Nelson, Mrs. Ida Osmond and Mrs. Kelly. The club has met regularly since 1904.

O. E. S. CHAPTER PETES GRAND LECTURERS

Over 80 persons attended the Eastern Star meeting honoring Grand lecturers of the Order of Eastern Star of Illinois at a meeting held Thursday evening.

Mrs. Elsie Perry, past matron, Waukegan chapter and a grand lecturer, served as worthy matron; Henry Perry, member Waukegan chapter, worthy patron; Lillian Robinson, grand lecturer, Lake Forest chapter, associate matron; O. E. Hachmeister, past patron of Antioch chapter, associate patron; Helen Berg, Majestic chapter, Chicago, secretary; Esther Wilton, past matron, treasurer; Mabel Haller, Butler chapter, Chicago, conductress; Charlotte Leaf, worthy matron Waukegan chapter, associate conductress; Alvina Cuiver, Campbell chapter, Highland Park, grand lecturer, chaplain; Norma Peterson, Waukegan, grand lecturer, marshal; Verna McClure, past matron, Waukegan, organist; Hazel Klei, Sorosis chapter, Grayslake, grand lecturer, Adah; Leah Berggren, Paul Revere chapter, Chicago, Ruth; Blanch Waters, Belmont, Chicago, grand lecturer, Esther; Jean Davis, past matron of Forest Park, Marth; Mary Ragan, Glenview, grand lecturer, Elsie Edith Buchert, past matron, Richmond, warder; Ralph Kinnade, past patron, Antioch, sentinel; Stella Robinson, a member of Waukegan chapter, soloist, and Johanna Thompson of Chicago guest of honor.

A short program followed the meeting after which a luncheon was served in the beautifully decorated dining room. Red tulips graced the tables and were also carried out in the luncheon. Martha Hunter, past matron of Antioch, and her committee had charge of arrangements.

FAREWELL PARTY FOR MRS. VAN-PATTEN

Mrs. Sam Rice, assisted by Mrs. Don Anderson and Mrs. Robert Carey entertained at a farewell party and handkerchief shower in honor of Mrs. Jake E. Van Patten, who is planning to leave Antioch Saturday for Chicago, where she will make her home with her daughter and son, Evelyn and Arden. Cards were played during the evening with Mrs. Pete Peterson of Waukegan, Mrs. Myrtle Stowe and Mrs. Kenneth Asche holding highest scores. A luncheon was served following the card game.

MRS. MATTHESEN ATTENDS BAHAI CONVENTION

Mrs. A. F. Matheson of Bristol, is in Wilmette, Ill., attending the 34th annual convention of the Baha'is of the United States and Canada. The convention period was opened with a Race Unity Banquet held Wednesday evening at the Chicago Woman's club. The convention business sessions which are being held in the Foundation Hall of the beautiful Baha' House of Worship, began today and will close at 5 p.m. Sunday, May 3. Each session is begun with a devotional period of prayer and a citation. On Friday evening the annual Feast, celebrating the first anniversary of the Baha' mission in 1904, will be held in the Temple. This meeting and the lecture period on Sunday afternoon at 3:30 are open to the public.

Friday afternoon at 4:30, Mrs. Matheson will broadcast over station WHBF, 1520 on the dial. Her subject will be "Why I Am a Baha'".

ANTIOCH WOMAN'S CLUB HOLDS ANNUAL MEETING AND CARD PARTY

The Antioch Woman's club will hold its annual meeting and card party Monday afternoon, May 4th, at the home of Mrs. H. H. Griffin. Election of officers for the coming year will be held. Assisting Mrs. Griffin on the committee are Mrs. O. C. Mathews, Mrs. George Anzinger, Mrs. Maud Saline, Mrs. P. E. Chinn and Mrs. William Cooper.

MRS. ANZINGER HOSTESS TO PINOCCHIO CLUB

Mrs. Elizabeth Anzinger entertained her pinocchio club Tuesday afternoon at the home of Mrs. William Maleck. Following a one o'clock luncheon, several games of pinocchio were played, with highest scores going to Mrs. Della Maas, Mrs. Augusta Carlson and Mrs. Elizabeth Anzinger. Mrs. Lucy Gee won the double pinocchio prize.

WESLEY CIRCLE BUSINESS MEETING, WED., MAY 6

The regular monthly business meeting of the Wesley Circle of the Methodist church will be held at the home of Mrs. Clara Westlake, assisted by Mrs. H. A. Radtke, Wednesday, May 6th.

Mr. and Mrs. S. B. Nelson had as guests for the week-end Mr. and Mrs. Raymond Schwartz of Kenosha, Dr. and Mrs. Ralph Lee and son, Charles, of St. Louis, Mo., and Mr. and Mrs. Glenn Turnage of Chicago.

CHRISTIAN SCIENCE CHURCHES

"Probation After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 26.

The Golden Text was, "He that shall endure unto the end, the same shall be saved" (Matthew 24:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And, behold, I come quickly; and my reward is with me, to give every man according as his work shall be. Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city" (Rev. 22:12, 14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals need not fancy that belief in the experience of death will awaken them to glorified being. As man falleth asleep, so shall he awake. As death fineth mortal man, so shall he be after death, until probation and growth shall effect the needed change" (p. 224).

THOUGHT FOR THE WEEK

Contributed by the Baha' Group

THOUGHTS

"We receive in return the kind we send out, love for love, antagonism for antagonism. Life guides every object upon which we project it; its sheen is reflected back in rays of golden light. By projecting thoughts of good we create harmonious environment."

"The Reality of man is his thought, not his material body. The thought force and the animal force are partners. Although man is part of the animal creation, he possesses a power of thought superior to all other created beings."

"If a man's thought is constantly turning towards heavenly subjects, then does he become saintly; if on the other hand his thought does not soar, but is directed downward, to center itself upon the things of this world, he grows more and more material until he arrives at a state little better than that of a mere animal. Thoughts may be divided into two classes:

1. Thought that belongs to the world of thought alone.

2. Thought that expresses itself in action.

Some men and women glory in their exalted thoughts, but if these thoughts never reach the plane of action they remain useless; the power of thought is dependent upon its manifestation in deeds.

A Philosopher's thought may, however, in the world of progress and evolution, translate itself into the actions of other people, even when they themselves are unable or unwilling to show with their grand ideals in their own lives. To this class the majority of philosophers belong; their teachings being high above their actions. The difference between philosophers who are spiritual teachers, and those who are mere philosophers. The spiritual teacher is the first to follow his own teaching; he brings down into the world of action his spiritual expositions and ideals. His living thoughts are made manifest to the world. When we find a philosopher emphasizing the importance and grandeur of justice, and then encouraging a rapacious monarch in his oppression and tyranny, we quickly realize that he belongs to the first class; for he thinks heavenly thoughts, but does not practice the corresponding heavenly virtues.

"This state is impossible with Spiritual Philosophy, for they ever express their thoughts in action."

Abdu'l-Baha.

R. N. A. ENTERTAIN AT HARD-TIMES SOCIAL

A "Hard-Times" social and supper were held in connection with a meeting of the Royal Neighbors Tuesday evening at the hall in Antioch. Lake Villa, Grayslake, Waukegan, Gurnee and North Chicago camps were guests for the evening. The program consisted of a "mock initiation" music by a "Rhythm Band" made up of members of Antioch Camp. Mrs. Arthur Edgar and Mrs. Myrtle Stowe were general chairmen of arrangements and Mrs. Lester Nelson had charge of a patriotic sketch which was put on by members of the camp. Following the program a luncheon was served to about 76 members and guests.

LAKE VILLA P. T. A. TO SPONSOR CARD PARTY

The Lake Villa Parent-Teacher association will have a demonstration by the Schulz Bread company and the Wesson Oil company along with a luncheon and card party to be held Tuesday, May 5th, at 12:30 o'clock at the school gymnasium. This demonstration and party is open to the public.

CHICAGO BUSINESS AND PROFESSIONAL MEN TO VISIT METHODIST CHURCH

Next Sunday, May 3 should be a memorable day for Antioch Methodism. At 11:00 a. m. ten or more business and professional men of Chicago will participate in the service. This will be a living demonstration of the very high regard in which Christ and his Church are held by extremely busy laymen, and an expression of their conviction that religion is a necessity in every life.

Among this group is a field manager of Northwestern Mutual Insurance Co., a dentist, an office building executive secretary, a Deluxe residence building manager, the president of Bond Wagner Co., a furniture merchant, and a retired business man. These men will tell of the religious life of executives, the importance of the Church in national life, how to bring growth into the Church, the relation of the local church to the Church at large, and other themes of kindred nature.

The service is being planned especially to interest busy men of today. There should be a large number of men of the community who recognize the value of this opportunity and arrange to be present. Young men cannot afford to miss it. While this will be primarily a "Men's Meeting," a very hearty invitation is extended to the ladies. Special music will be presented by the choir of our own church.

Help us to make this a day long to be remembered. Bring your family and friends. Come early.

Warren C. Hendee, Minister.

that of a mere animal. Thoughts may be divided into two classes:

1. Thought that belongs to the world of thought alone.

2. Thought that expresses itself in action.

Some men and women glory in their exalted thoughts, but if these thoughts never reach the plane of action they remain useless; the power of thought is dependent upon its manifestation in deeds.

A Philosopher's thought may, however, in the world of progress and evolution, translate itself into the actions of other people, even when they themselves are unable or unwilling to show with their grand ideals in their own lives. To this class the majority of philosophers belong; their teachings being high above their actions. The difference between philosophers who are spiritual teachers, and those who are mere philosophers. 37 CHILDREN ARE EXAMINED AT SUMMER ROUNDUP

Seven Kindergarten and 1st Graders Found Free from Defect

Thirty-seven children of the community who will enter school for the first time next fall were checked here Tuesday for physical ailments at the summer roundup sponsored by the Antioch Grade School P. T. A. and school officials.

The examinations were limited to children who will be enrolled in either the kindergarten or first grade next fall, and the examinations were conducted by Dr. R. D. Williams, school and village physician, and Mrs. Elaine Warton, county school nurse. Dr. L. V. Madden was in charge of the dental examinations.

Defects Slight

Of the 37 children examined, seven were found perfect, while 30 needed corrections for physical defects, none of which were of a serious nature. The defects tabulated were as follows: Necking posture correction 9; nutrition 11; tonsils and adenoids 14; teeth 16; vision 5; immunization 9; hearing 1; smallpox vaccination 7.

Serving on the Health and Summer Roundup committee were Mrs. D. N. Deering, chairman, Mrs. Amos Bratton, and Mrs. Eugene Sheehan.

Parents of son

Mr. and Mrs. Lester Nixon, 6270 Newark St., Chicago, are the parents of a son, Larry Franklin, born April 7. The Nixons have a three-year-old son, Jerry. Mr. Nixon is a graduate of Antioch Township High school and is the son of Mr. and Mrs. John Nixon, former residents of Antioch.

Mr. and Mrs. Andrew Beath of Madison spent Friday evening with Mr. Beath's mother, Mrs. John Beath, at the home of her sister, Mrs. Oliver Matthews.

Charles E. Van Patten made the Antioch News a visit Tuesday morning. He returned home Saturday after spending the winter at Leburg, Fla. Mr. Van Patten is in his 82nd year and has been spending his winters in Florida for the past thirty-two years. The first year, 1910, was spent at Sarasota, and in 1911 he moved to Leburg, where he has spent the past thirty-one winters.

Mrs. George Wagner entertained a number of friends at bridge and luncheon Tuesday afternoon.

Mrs. O. E. Hachmeister, Worthy Matron of Antioch Chapter O. E. S., and William Anderson, worthy patron of Antioch chapter, served as Matron and Patron in Lake Forest Chapter, Friends' Night, Monday evening. Eighteen members of Antioch Chapter acted as escorts for the worthy matron.

Mr. and Mrs. Donald Doyle and daughters were guests of Mr. and Mrs. John Doyle, Sunday.

Mrs. Otto Klass and Mrs. H. B. Gaston were guests at Richmond chapter O. E. S. Monday evening.

Mr. and Mrs. William Thompson of Channel Lake returned home Saturday after spending the past three months in Florida.

Guests of Dr. and Mrs. D. N. Deering Saturday and Sunday were Mrs. T. B. Magath of Rochester, Minn., and Miss Agnes Haas of Plymouth, Ind.

Mrs. William Evans of Rock Lake, who is the house guest of her daughter in Kenosha while taking treatment for her eyes, spent Friday with her sister, Mrs. Charles Sibley, 701 North Main street.

Mrs. Alfred Eilers of Rock Lake, was the guest of her aunt and uncle, Mr. and Mrs. Charles Sibley, Saturday.

Mrs. Joseph Horton and Mrs. C. E. Hennings spent Tuesday in Chicago.

Mr. and Mrs. E. H. Brinkman have returned to their home at Channel Lake after spending the winter months in California.

Mrs. F. L. Stevenson of Chicago is the house guest of Mr. and Mrs. George Good, this week.

Glad to, Corporal

The News receives many unique letters from boys in service. Here's an intriguing message (to the girls at least) from Corporal Michael E. Lynn, 426 School Squadron, Columbus Flying School, Columbus, Mississippi. Let us know, Corporal, if you get any results.

Dear Sir:

I am a corporal in the United States Flying Force, and have been in service for 17 months.

I saw the Antioch News lying in one of my comrade's lockers and decided to write you. I am a lonely soldier here at the field and would like very much if you would run an item in the paper asking the people of Antioch to correspond with me.

I am six feet tall, weight 170 lbs., blond curly hair, blue eyes, and I can't say that I give Frankenstein any competition. I would like to correspond with someone of my own age which is 21 years. Thanking you, I remain, Sincerely yours,

Michael E. Lynn.

Strange Words

A minister told his flock that he had a "call" to go to another church. One of the deacons asked how much more he was offered.

"Three hundred dollars," was the reply.

"Well, I don't blame you for going," remarked the deacon, "but you should be more exact in your language, parson. That isn't a 'call,' that's a 'raise'."

The Treasury says that judging from the amount of coins and currency in circulation, every citizen should have had \$80.26 in his pocket yesterday; but most people are wondering where the \$86 went.

"From a weekly allowance of ten cents a Kansas woman saved enough to get a divorce." Shows what comes of excessive liberality.

Speaking of the oil shortage in the east, let's hope it doesn't get serious enough to interfere with greasing the revolving swivel chairs in Washington.

This Victory Garden stuff has several bright sides: First, fine fresh vegetables right at hand; then the exercise in the open air, keeping your garden free of weeds; also, you won't have time to go a lot of places and wear out your tires, if you stay home and try to beat the neighbors.

Spirit of '42

Five men from a nearby community, two of them veterans of the first world war, and none of the five in good physical condition, are reported to have indulged in some good-natured joshing on their way to Antioch for selective service registration Monday.

One of them remarked: "If we can't work for Uncle Sam we can call the mortician."

Be that as it may, the Observer has heard of no one who is not willing to serve his country in any way possible. Everybody realizes that this is a tough war, and is likely to get tougher before victory is won.

The out-of-date days may soon return when one will have to drive the old gray mare into the livery stable at noon and say, "fill 'er up."

The trouble is that most of us don't know how well off we are until we find that we are no longer well off.

It costs more to live in America than any other country in the world but all of us will have to admit that it is worth more. In fact, in many countries it is hard to live at all, and scarcely worth trying.

Too often when a politician offers to "play ball" he only means that he will strike out with the bases full.

Seems like the spring flowers are here earlier than usual this year, and the little girls will be able to pick bouquets to put in their May baskets.

Sugar Rationing . . .

(continued from page 1)
will close at 2 p. m. during the period.
"There is just one general thing to remember," Rationing Administrator Pope said, "and that is, whether or not you have sugar on hand you should register. Those who fail to register and obtain their War Ration Book Number One will be unable to buy a single ounce of sugar as long as rationing is in force. It is possible also that this book may be used in the rationing of other articles. Most of the questions that are being asked now will automatically be answered upon the receipt of the rationing book."

"We have found that one of the questions which is worrying most people is what will happen if they have a large supply of sugar on hand. There is nothing for those persons to be troubled about. All they have to do is to register and declare the amount of sugar they have. Then, if they have an excess supply they can receive their rationing books later when their stocks are used at the required rate per week to the amount permitted any individual or family to have."

In connection with the first weeks of sugar rationing, Prin. Clabough directed attention to these facts:

No sugar can be bought before May 5.
From May 5 to 16, holders of rationing cards may buy one pound of sugar with stamp No. 1; May 17 to May 30, one pound with stamp No. 2; May 31 to June 13, one pound with stamp No. 3; June 14 to June 27, one pound with stamp No. 4. If you do not use a stamp during the specified period, it is void.

Announcement is to be made of rules governing the period after June 27.

Questions and Answers

Q.—Who must register for Sugar Rationing?
A.—Every man, woman and child in the United States.

Q.—When should Illinois residents register?
A.—May 4, 5, 6, and 7.

Q.—Where should they register?
A.—At the elementary schools.

Q.—Must every member register individually?
A.—No. Any member of a family unit over eighteen years of age can register for the rest of the family.

Q.—How much sugar can an individual buy?
A.—At present, one-half pound. It may be less or it may be more later.

Q.—Must each person report how much sugar he or she has on hand?
A.—Yes.

Q.—Why is Sugar Rationing necessary?
A.—To give equitable distribution of sugar to everyone, rich and poor alike.

Q.—Why is there a shortage of sugar?
A.—We have lost nearly 27 per cent of our normal sugar supply in the Philippines and Hawaii. Our regular supply of 35 per cent from the West Indies has been reduced by a shortage of boats. Then too, a very large amount of sugar is required for our armed forces and in the manufacture of ammunition. Thus, the demand for sugar is much greater and the supply much less.

Q.—What will happen to me if I don't register?
A.—First, you won't be able to buy any sugar anywhere, because no person in the United States can buy an ounce of sugar without War Ration Book One. Secondly, if you want to register after the regular dates of May 4 to 7, inclusive, it will be difficult for you to do so. You will have to appear before the Local Rationing Board and make a statement as to why you didn't register and declare the amount of sugar on hand, at the time of the registration. You will have to convince Local Rationing Board that there was a good reason for your not registering. In other words, the burden of proof falls on you and not on the board. They are not required to issue a ration book after the regular registration days.

Q.—Need I register if I have a large supply of sugar on hand?
A.—Decidedly.

Q.—Will the Government take from me the sugar that I now have on hand?
A.—You can keep the amount that you have on hand but you will not be allowed to buy more sugar until you have used up your stock to the legal limit and at the permissible rate.

Q.—Can a family unit register for a servant?
A.—No. The servant should apply for his or her own War Ration Book One.

Q.—How many pounds of sugar can one have on hand at the time of registration and still receive a Ration Book?
A.—If one has on hand more than 6 pounds of sugar no War Ration Book will be issued temporarily. This means 6 pounds per person. If they have 2 pounds they will receive a War Ration Book One complete. If they have more than 2 pounds and less than 6 pounds they will receive War Ration Book One with one stamp removed for each pound of sugar over two pounds. A family of two can then have 12 pounds between them and still secure their books.

Stopping an Earache

In the days of our grandparents, an application of a hot baked potato was used for earaches and a nutmeg strung around the neck was supposed to prevent nosebleeds.

Small Engine

Development of a small, reliable engine has increased sales of motorized bicycles in Great Britain, the department of commerce says.

Too Many of Kin
Confess Killing
8-Year-Old GirlMother and Brother Both
Insist Upon Their
Guilt in Murder.

DETROIT.—"I killed my sister. You'd better come to my house."

Chief of Police Floyd Crichton, unaccustomed to such things in his suburb, looked up and stared into the dark face of Edward P. Bennett, 15 years old, of Lincoln Park, Mich., a junior in Lincoln Park high school.

After asking a few questions of the slender boy and puzzling over his excited answers, Chief Crichton, a physician, and several policemen accompanied him to a two-story brick and green shingle house. Into the kitchen they marched and on the floor they found the body of Patricia Ann Bennett, eight years old, a fourth grade pupil in Lincoln Park's Raupp school, daughter of Peter B. Bennett, a brass foundry employee. Except for bruises on her throat, Patricia Ann's body was unmarked. On a chair near the body sat Mrs. Mary Kozlon Bennett, 34 years old, wife of Peter, mother of Edward and Patricia Ann, weeping and hiding her face in her hands.

"I did it," Walls Mother.

"I killed her," she said, staring at the policemen.

Edward shouted: "She's just trying to shield me. I did it!"

Mrs. Bennett brushed a strand of dark hair from her careworn face.

"Why, you weren't even home at the time. I did it!"

She broke down, sobbing.

For more than an hour, the boy clung to the same story. Then he told Rusinack:

"All right. I wasn't there. But I didn't want them to arrest my mother."

Meanwhile, another assistant prosecutor, William R. Bolio, had continued the questioning of Mrs. Bennett.

"My husband accused me of running around with other men," she said. "He even denied that he was Patricia Ann's father. It drove me crazy, I guess."

"I was down in the basement cleaning up—both the children were there. Then Edward wanted to go out to get a present for a party he was going to a friend's house."

"After he left I decided I would put Patricia Ann out of her misery. I choked her for ten minutes, until she was still."

Chief Crichton said the child had been in good health and of normal intelligence.

Not 'Mercy' Slaying.

Dr. Austin Z. Howard of the hospital staff sent Mrs. Bennett to the mental observation ward. He described her condition as "dangerously despondent."

Two policemen remained at the house until the father arrived from the brass foundry.

Questioned by Bolio, he asserted there was no truth in the mother's statement about him.

"I never doubted that Patricia was my own child," he said. "I did accuse Mary of running around with other men, however, and we separated for a few years after an argument over the question a year ago. We had patched up our differences and nothing happened recently to upset our family life."

Doubt that the slaying was of the "mercy" variety was expressed by Chief Crichton.

Crichton indicated that instead he believed a quarrel between the child and her mother had immediately preceded the killing and that the mother might have acted in a fit of anger.

The chief advanced the theory that Patricia was at play when her mother sprang upon her. Playthings were found scattered over the basement floor.

Meets Long-Lost Brother.

Waiting for a Street Car

LONG BEACH, CALIF.—Two elderly men on a car-stop bench started talking. Howard L. Caldwell, 59 years old, said:

"Just got here a few days ago from Kansas."

"Kansas?" said Charles Coburn, 70. "That's where I'm from."

"That so? What part?"

"Frankfort. My name's Coburn. Used to work for my uncle in a grocery before I went to Texas to herd cattle. You ever been in Frankfort?"

Caldwell stared and said: "Your mother died about 50 years ago and there was a baby that lived, wasn't there? A baby that was adopted by a family named Caldwell?"

"How do you know?"

"Because I'm that baby—your kid brother."

Caldwell was born Howard Coburn.

Drive 1,175,000 Miles

With Only One Mishap

CAMP STEWART, GA.—Probably a world's record in safe driving has been set by the 209th coast artillery here with enough driving to encircle the world 47 times—and no deaths from accidents.

The regiment had only one driving accident in its 1,175,000 miles of driving during the past nine months. That mishap occurred during the recent maneuvers when four soldiers suffered minor injuries.

This feat was accomplished over all types of roads and during extensive blackout operations.

New Use for Electricity

An electric company in Philadelphia has discovered a new use for electricity. By pressing a button and "shooting" 10,000 volts past the faces of applicants for jobs, the company finds which men are fit to handle an electric power station job and which men are not.

STANLEY ZLOCK
KILLED IN CHICAGO

Stanley Zlock, 33, a painter who did considerable work in Antioch community last summer, was killed in Chicago on April 22 when the bicycle he was riding was struck by an automobile.

Zlock lived with his mother at 5042 N. Winchester avenue, Chicago. He is survived by his brothers, Joseph C. Bernard, and Aloysius F. and his sister, Mrs. Anna Chline.

Funeral services were held Saturday at Our Lady of Lourdes church and interment was in Our Lady of Sorrows cemetery.

ANTIOCH RESCUE SQUAD
PLANS BENEFIT DANCE

A committee of four has been appointed by Captain Herman Holbek of the Antioch Red Cross Rescue squad to make plans for holding a benefit dance at Danish Hall on Ida avenue in Antioch on May 21. Committee members are W. I. Scott, Lloyd Murrie, Charles Larson and Harry Greenlee.

Miss Barbara Bicknell, daughter of Mr. and Mrs. G. R. Bicknell, who is a student at Wayland academy at Beaver Dam, Wis., is expected home Friday for a week-end vacation.

Holdup Victim Awakes
Garbed in His Undies

CINCINNATI.—Julian Gray reported to police the theft of his overcoat and the suit he had been wearing. Three Negroes stopped him, he said. One of them hit him.

A man saw him ducking in and out of alleys, as he attempted to continue toward his home, and lent him a pair of trousers, Gray said.

War and D. Cupid
Speed Courtship

Draft Board Solves Problem For Young Lovers.

NEW YORK.—He was a young medical student and she was a secretary. They were in love and eager to marry. Common sense told them they should wait until he had finished his schooling.

That was three years ago. Last June John finished medical school. His internship was still ahead of him—long hours, meager pay. But the selective service act had been passed and the country was preparing for war.

He went to his draft board and put the problem before them. They told him to marry. And so John and Frances were married. He began his internship and she continued working, paying the rent for their two-room apartment out of her salary.

Then the country went to war. Now John and Frances are facing an even more important problem. Shall they have a baby although it means John won't be there when the baby arrives? What if John doesn't come back? Who is going to take care of the baby? How much family life can they contemplate? Shall they be satisfied with what they have or shall they carry on as if nothing were going to happen?

This is just one of the many problems confronting young people as 1942 approached.

"The whole cycle of getting acquainted, falling in love, getting married, is a matter of weeks now instead of months or years as it was during the depression," Evelyn Mills Duvall, director of the Association for Family Living of Chicago, said.

VANDALS LOOT
MILITARY CAMPOwner Offers Reward for
Apprehension of the
Guilty Ones

A reward of \$50 is being offered by J. J. Stern, owner of the property occupied until recently by the Sheridan Military Camp, for information leading to the arrest and conviction of the person or persons who broke into the buildings on the premises recently and damaged or ruined much of the furnishings.

Furniture was damaged and bed-clothes and pillows were slashed with knives and feathers were strewn throughout the interior of the buildings, according to Stern, who came here from Bay City, Michigan, Saturday to investigate the damage.

The Camp was abandoned recently when the principal, a reserve officer in the U. S. army, was called into military service.

The Camp was formerly known as Sunset Camp, which was purchased by Mr. Stern several years ago and was operated by him as a resort known as 'The Country House'. With the outbreak of the war in Europe, Stern was called to his former occupation as plywood manufacturer in the production of important orders from the allied nations. During the last 18 months he has flown twice to England in the interests of his company—Plywood Products Corporation, of Bay City. In spite of terrific pounding from the skies, morale in English cities is high, Mr. Stern says.

Marksmanship Classes
Organized by County
Council of DefensePublic Invited to Meeting
in Libertyville
May 12

A general meeting to explain the defense plan and to enroll members for instruction in handling rifles and target practice will be held May 12th at the Libertyville High school. Colored movies on Rifle and Pistol Ranges and Tournaments throughout the country will be shown and Richard Lyons will be guest speaker of the evening.

In announcing the meeting, Robert J. Spahr, chairman for the Lake County Marksmanship group, explained that after organizing, rifles will be furnished to group members for practice on ranges and ammunition at cost.

The Libertyville High school is about ½ mile west of the intersection of Route 176 (the Lake Bluff, Libertyville, Mundelein road) and Route 21 (Milwaukee Avenue) in Libertyville. Mr. Spahr can be reached through Paul King, Co-ordinator, Lake County Council of Defense, Room 102 County Building, telephone Maj. 1146, Waukegan.

Just as was done for the Home Defense of Great Britain, many private and public gun clubs have organized independent groups throughout the country. Here in Lake county the communities of Deerfield (Sheridan Rifle Club), Waukegan (Eagles Club), and Libertyville (in the old theatre) have been especially active.

Tobacco for Wounds
In the 1600s French military surgeons particularly favored a liquidized form of tobacco for washing wounds. The French were the first to use snuff for colds and they used tobacco-powder on skin eruptions.

Cool and Decorative—Salad-Muffin Luncheon
(See Recipes Below)

Spring Luncheons

As spring spreads its fragrance and gayety once more across the days, do your moods turn to thoughts of exquisite, gracious luncheons? Yes, to be sure, they do. You get lovely visions of picture-plate luncheons, crispy green salads, tiny, moist sandwiches, the tinkle of china on cool, crisply laundered cloths, centerpieces of delicate flowers.

But this year's luncheons are different from last year's. The plates are pictures to behold, true, but the menus are kind to purse strings and food shortages.

A bowl of colorful greens, curly endive, crisp lettuce, tossed together with grapefruit and orange sections with red slivers of strawberries are perfect with these muffins and all you would want for luncheon:

***Molasses Nut Muffins.**
(Makes 24 small or 18 large)
3 tablespoons butter
1 cup sugar
1 egg
1½ cups flour
1 teaspoon cinnamon
1 teaspoon ginger
½ teaspoon salt
¼ teaspoon soda
1 teaspoon baking powder
1 cup chopped Brazil nuts
½ cup milk
½ cup pure, dark molasses

Cream butter, stir in sugar gradually and cream together. Stir in well-beaten egg and blend. Mix and sift flour with spices, salt, soda and baking powder, then mix in Brazil nuts. Add alternately with milk and molasses to the first mixture. Bake in well-greased muffin pans in moderate (350-degree) oven 25 minutes.

You can have a veritable smorgasbord on your main luncheon plate if you carry out the general idea by serving several different kinds of salads in frilly lettuce cups. Pick out some combinations you like best from these ideas here:

*Chicken Salad.

(Serves 8)
2 cups diced, cooked chicken
1 cup finely chopped celery
1 cup halved, seeded grapes
½ cup toasted pecans
¼ cup mayonnaise

Combine all ingredients lightly. Chill, add mayonnaise and toss lightly together.

*Fruit Salad.

(Serves 8)
4 thick slices grapefruit
4 thick slices oranges
4 slices pineapple
8 whole apricots
1 small package cream cheese

Pare oranges and grapefruit. Cut into slices. Cut pineapple, oranges and grapefruit slices into halves. Arrange in a fan shape on curly endive or lettuce. Stuff apricots with cream cheese and place at lower edge of the fan.

Lynn Says:

The Score Card: Latest reports reaching me assure us that: we have enough black pepper and most spices for at least two years. Coffee and cocoa supplies are adequate from South America, and tea stocks are still good.

Domestic fats and oils will have to replace imported palm and coconut oils used for frying fats, soaps and oleomargarines, and homemakers must conserve all soaps and frying fats carefully.

Tin will be available for canning foods that cannot be preserved in other ways, but you will be wise homemakers if you learn to use dried fruits properly, and can from your own defense gardens this summer. Be kind to your kitchen equipment and gadgets made out of tin, for there will be no more after that is used.

Pineapple is still being planted and shipped to the mainland, and no serious shortage is yet noticeable.

This Week's Menu

Guest Luncheon
Assorted Salad Platter:
*Chicken Salad
*Fruit Salad
*Egg Salad in Tomato Cups
*Molasses-Nut Muffins or
*Cheese Rings
Coffee or Tea
*Recipes Given.

*Egg Salad in Tomato Cups.

(Serves 4)
4 medium sized tomatoes
1 package cream cheese
1 tablespoon finely chopped green onion
2 tablespoons finely chopped green pepper
½ medium sized cucumber, chopped
3 hard cooked eggs, chopped
1 cup mayonnaise
Wash tomatoes, peel. Slice off top, and scoop out the center. Toss the other ingredients lightly together and fill the tomato cups. Chill well and serve on lettuce.

All three of the salads given can be served on one individual platter. Arrange them attractively, a scoop of the chicken salad, a fan of fruit salad, and then the tomato cups. Your platter is complete for a luncheon and a very pretty sight to behold! A hot muffin to accompany and a fragrant cup of tea or coffee completes the luncheon.

On the other hand, if you prefer salad bowls which the guests will serve themselves, here are ideas:

Greens: chunks of lettuce, watercress, sliced green onions, radishes.

Oranges: Use sections on a bed of curly endive or curly garden lettuce, with raspberries or strawberries for color.

Vegetables: Cooked green beans in lengthwise slices, carrots, raw or cooked, in slivers, cooked limas, chopped ham.

Fruits: Beds of lettuce, lengthwise slices of bananas, berries in season, cheese balls dipped in chopped nuts.

Dressing makes an important addition to salad, and many times this is left to your own preference, or, if you like, have the choice of two permitted for your guests.

Save sugar in the little ways, is our motto, so here is one way to do it. This dressing uses molasses for sweetness.

Piquant French Dressing.

½ cup salad
¼ cup vinegar
¼ cup chili sauce
¼ cup pure, dark molasses
1 teaspoon salt
½ teaspoon Worcestershire sauce
1 tablespoon onion, grated

Mix all ingredients together and beat thoroughly.

When you invite your friends over for salad and rolls for these luncheons, this may seem like so little, but it's guaranteed to make a hit if you do the little details up right. Have the salad crisp and cool and well blended. If having rolls, these should be piping hot for contrast. If you don't feel inspired to make rolls, then do other things like setting ready-made rolls and pretty them up.

Toasted Long Rolls: Split, butter and sprinkle with grated cheese. Pop into the oven until cheese melts. Serve hot.

Cheese Rings: Use day-old bread and cut rings with a doughnut cutter. Brush with butter or salad oil, dip in cheese, and bake in a moderate (350-degree) oven until golden brown.

Orange Biscuits: Add grated rind of orange to a baking powder biscuit recipe. Roll and cut. Dip a cube of sugar in orange juice and press into top of each biscuit. Bake in a hot oven 12 to 15 minutes.

Lynn Chambers will be happy to give you advice on your luncheon or salad problems. Write to her at Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois. Please enclose a stamped self-addressed envelope for your reply.

SPOT YOUR PLANE

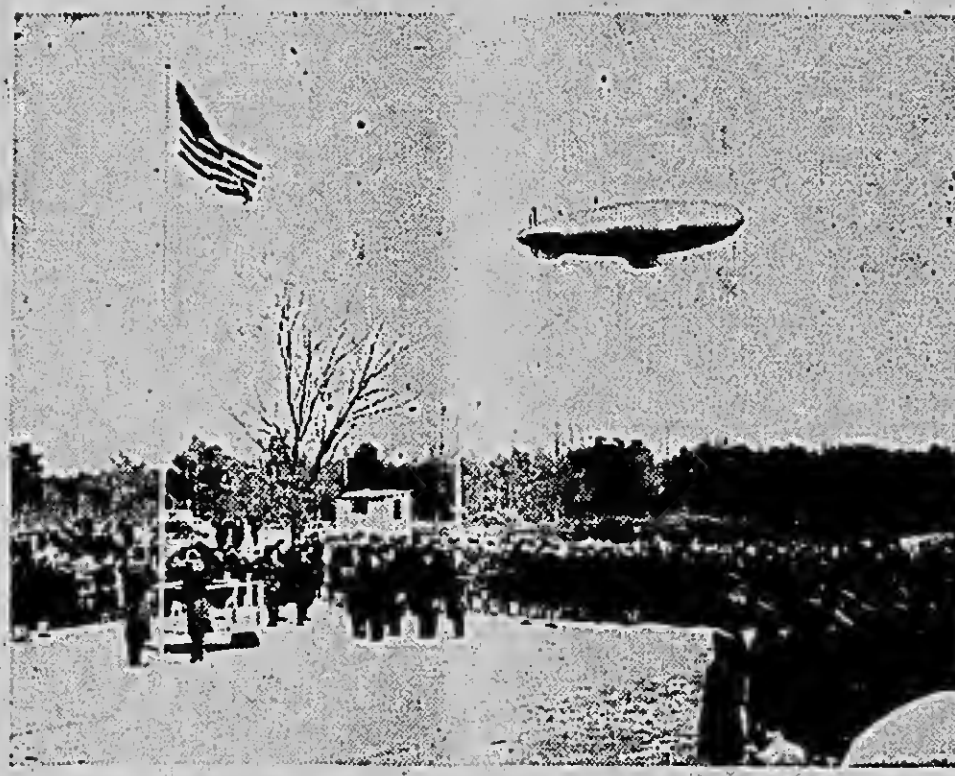

By Mathieu

NAI ALEXANDER P SEVERSKY, GREAT FLYER AND GREAT INVENTOR, HE FLEW FOR RUSSIA IN THE WORLD WAR, BAGGED 13 GERMAN PLANES AND WAS SERIOUSLY WOUNDED, LOSING A LEG. CAME TO U.S. AS ASSISTANT NAVAL ATTACHE FROM THE KERENSKY GOVERNMENT. APPOINTED CONSULTING ENGINEER FOR U.S. AIR SERVICE, AND INVENTED A BOMB SIGHT FOR WHICH OUR GOVT PAID HIM \$50,000. WITH THE MONEY HE STARTED HIS OWN AIRPLANE COMPANY—AND KEPT ON INVENTING. HIS LATEST INVENTION IS A STRATOSPHERE FIGHTER CAPABLE OF 500 M.P.H. SPEED, AND ARMED WITH 20 MACHINE GUNS AND 3 CANNON. HE IS A CITIZEN OF OUR COUNTRY, A MAJOR IN THE U.S. AIR CORPS RESERVE AND IS MARRIED TO AN AMERICAN GIRL.

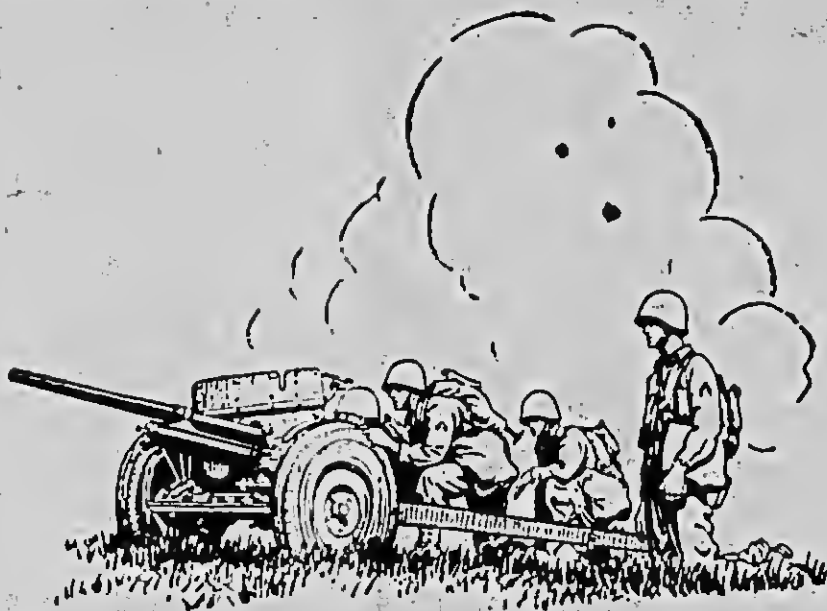

New Lighter-Than-Air Base

In the presence of high ranking naval officers, public figures and a few invited guests, the new naval air station at Weymouth, Mass., was commissioned and became the first lighter-than-air base to be completed on the Atlantic coast since 1921.

HOT WORK AT SHORT RANGE—The Thompson ("Tommy") sub-machine gun in the hands of a trained infantryman offers a formidable combination which can spell the difference in fire-power when American troops clash with those of the enemy.

HERE'S PERFECT TEAM WORK—These flashy 37-millimeter anti-tank units function with the snap and precision of a well-trained football backfield. Coupled to tiny "jeeps" the pieces can be drawn over the roughest terrain at speeds often in excess of 60 miles an hour. The crews prepare their guns for action in a matter of seconds.

Emile Come

Emile Come, who advocated self-healing by auto-suggestion, died at Nancy, France, July 2, 1926. He became famous by his formula, "Every day in every way, I am growing better and better." He was a chemist, 1882-1910, and a student of hypnotism and suggestion, thereafter establishing a free clinic at Nancy. He taught his method of auto-suggestion in Europe and the United States. He emphasized the power of the imagination in the healing of disease and claimed that by this means he could teach people self-healing even to the extent of effecting organic changes.

When Widows Marry Again

In an ancient burial ground, located in the Fountain of Youth, St. Augustine, Fla., Indian widows cut off their hair and drop it on the graves of their husbands. When the hair again grows to waist length they are permitted again to marry.

50 Heads, 100 Arms

In the days of Jupiter and other mythological strong men, there was one giant, Briareus, with 50 heads and 100 arms. When he threw rocks at Jupiter he picked up 100 of a time and hurled them all together.

Radio Alarm Brings About Speedy Arrest

MYRTLE BEACH, S. C.—Only an hour after the broadcast alarm of a stolen automobile at Myrtle Beach, two youths of Pittsburgh, Pa., identified by officers as Leonard Anthony Liscio, 16, and Joseph James Libertucci, 17, were captured in Wilmington, N. C., and later turned over to Myrtle Beach authorities.

Long Alaska Hike Saves Two Fliers

Forced Down in Fog, They Walk 250 Miles to Town.

SAN FRANCISCO.—While fliers searched vainly for them over thousands of miles of fog-bound wilderness in the Yukon, Lieut. Col. Harold H. Carr and Corp. Richard Pompeo made their way on foot, with heavy packs, back to Fairbanks, Alaska, after their plane had been forced down 250 miles northeast of that city during a flight to Whitehorse.

The incident was reported at Fourth army headquarters here when Lieut. Gen. John L. De Witt, head of the western defense command, commended the men for "resourcefulness and soldierly qualities."

Colonel Carr and Corporal Pompeo took off from Fairbanks before dawn on January 17, but thick weather on the route to Whitehorse forced them to turn back. Out of gasoline, they landed the plane on a frozen river, damaging it only slightly, and waited two days in hope that aerial searching parties might find them.

After the futile wait they put the plane radio out of commission and started off on foot, carrying packs of bedding, food and firearms. Eventually, after a long hike, they found an Indian trapper, and thereafter they were directed to successive trappers until they reached Fort Yukon. There they obtained transportation to Fairbanks.

The leader of one searching party was Lieut. E. T. Yarbrough, who recently was recommended for the Distinguished Flying Cross for his part in rescuing a stranded pilot, Lieut. Elmer E. Booth, by landing his plane on an ice floe in the Turnagain arm.

Stubborn Kid Will Not Take 'No' for an Answer

CINCINNATI.—If James Edwin Collins had his way, he would be in the Pacific with the navy fighting the Japanese. But he is only 14 and that's too young.

The day war was declared Jimmy was refused by marine corps recruiting officers because of his age. A week later he was turned down by the marines again.

Then he tried the navy, but the story was the same. "You're too young, sonny," the recruiting officer said, "and besides you're too small. Go home and wait for us to call you."

That day the local navy recruiting office sent 61 new seamen to the Great Lakes Naval Training station to begin training. The party arrived at the school the next day and the Cincinnati recruiting office promptly received a telephone call.

"We have proper enlistment papers for 61 men, but 62 men are here," an officer at the station said. "How about papers for James Edwin Collins?"

Jimmy is back in Cincinnati now living with his uncle and going to junior high school, but he still has ideas about enlistment.

"I'm going to grow up and when I'm called I'll be ready," he said.

Saloon in Churchyard Profitable to Britain

LONDON.—Only public-house in England that stands in a churchyard, the "Mug House" at Claines, near Worcester, is paying despite the war.

It is more than 600 years old. Tombstones are close to the front door, and the church is only 30 feet away. Customers must approach by the churchyard path, for there is no other way.

Once vestry meetings were held in the inn, the original purpose of which was to provide refreshment for the "Lords and Ladies" after church service next door.

Bartender Gives Hotfoot On Own, Judge Decides

PHILADELPHIA.—The application of a hotfoot is not a recognized part of a bartender's duties and the recipient thereof cannot hold the barroom owner responsible. Judge Eugene Bonniwell, ruling in an action brought by a patron to whose shoe was affixed a lighted match by a bartender, said that hotfoot (or is it feet?) came under the heading of personal enjoyment of the applicant and that the bartender's employer could not be sued.

Rat Hunter Confesses She Is Scared by Mice

LONDON.—Mrs. N. J. Kilvert of Welshpool, England, first woman in Great Britain to be a professional rat catcher, admitted after making a successful rat hunt on a 400-acre farm that she was afraid of mice. An attractive brunette, she was trained in rat catching by her husband.

FARM TOPICS

FEEDING CHANGE NOW POSSIBLE

Increasing Demand for More Milk Is Cause.

By C. F. MONROE
(Ohio State Agricultural Experiment Station)

At present there is a demand for an increased quantity of milk, and current prices justify attempts to meet this demand. In fact, dairy-men can afford to modify their feeding program to meet the emergency. The exact method for individual cases will, of course, be subject to the conditions prevailing in the particular dairy.

Many cows do lack the ability to produce, but there are also many cows that would do much better if given the chance. Only by permitting the cows to have a fair trial can their producing ability be determined.

An attempt should be made to have the cows freshen in good condition. In this sense, the lactation period really begins with the dry cow six or eight weeks previous to freshening. After the cow freshens the feeding should be increased gradually. The cow in heavy milk flow requires a concentrate mixture containing some high-protein supplements to insure a sufficient protein intake. Hay should be fed liberally and the cow allowed to pick it over rather than be restricted to all she will clean up. If corn silage is available, it should be limited in amount to permit the heavy producing cow to eat more hay. Such a procedure is recommended where the hay is of good quality and hence palatable to the cow; otherwise limiting the corn silage has no justification.

A large improvement in milk production cannot be expected to come from just one change, of course. The entire feeding and management program in summer and winter must be considered. Much of the low production can be traced to underfeeding on July and August pasture, to undue exposure and short pasture in the late fall, to the use of poor quality roughage and poor management in the winter. For best results there can be no weak places in the program, because the weaknesses generally speed the decline in production to such an extent that many of the good points are made less effective.

Farm Terracing Aid

Under the new setup, farmers can terrace their land now and pay for it later, the AAA official said.

Machinery of the terracing program is simply operated, Vance said in explaining that county AAA committees set a reasonable price for terracing easier farms of the county through offers made by co-operating contractors. Once the fair price for a county is determined, farmers get bids for their farms from the contractors, take the offer they like best and get their terracing done.

It goes without saying that prices of terracing will vary by farms. Establishing a reasonable price for a county will serve as a yardstick for measuring costs of easier and more difficult jobs.

When terracing has been completed and checked by county AAA officers for specified requirements under the farm program, contractors are paid by the AAA and charges later deducted from farmers' conservation payments.

Needs of Soil

More food can be produced for immediate war-time needs and agriculture can be placed on a firmer footing for the future if farmers will follow a few basic soil building principles, according to an agricultural bulletin.

"One of the first essentials," says the bulletin, "is for the farmer to find out what are the nutritional requirements of his soil. Since soils and crops vary in different geographical sections, the farmer's best procedure is to enlist the co-operation of agronomists of his state agricultural experiment station or of his county agent."

"By analyzing a sample of the farmer's soil and determining its needs for nitrogen, phosphorus and potash, these experts can provide valuable information to guide the farmer in selecting the correct analysis of fertilizer. They will likewise suggest the amount to use."

More Eggs, Dairy Products

Uncle Sam is asking for increased production of eggs, dairy products, and pork products. Next year, for example, American hens are called on to lay 4,305,000,000 more eggs. Although poultry flocks are increased, production per hen will have to rise to new heights. Hen house lights step up production as much as four or five eggs a month during the winter.

Even the pullets are asked to pitch in and do their necessary bit.

HICKORY

Mrs. E. W. King in company with several Millburn ladies, attended the all-day meeting of the Chicago Women's Fellowship at the Congregational church in Mundelein Friday.

Mrs. Carrie Marble spent Saturday and Sunday at the home of her brother, A. Wells, in Waukegan.

Mr. and Mrs. William D. Thompson and Miss Helen attended the wedding of Miss Eleanor Gould to Arthur Meyer of Sterling, at the Philip Gould home in Grayslake Saturday afternoon.

The Antioch Home Bureau unit met at the home of Mrs. George White Wednesday afternoon.

Mr. and Mrs. Henry Bederski of Wadsworth visited the Warren Edwards family Friday evening.

Sunday afternoon visitors at the Gordon Wells home were George Wessels and children from Norwood Park, Mr. and Mrs. Ray Harmer and Mrs. Ralph Gatzel and baby daughter from Waukegan.

Tommy and Aubrey Van Every from Chicago spent last week at the George White home. Their parents, Mr. and Mrs. James Van Every, were Sunday dinner guests there.

Mr. and Mrs. Clarence Webb from Kenosha and her mother, Mrs. Byers, from Portland, Ore., spent Wednesday with the A. T. Savage family.

Miss Doris Jamison of Elgin visited over Sunday at George White's.

Richard and Warren Wells were members of the confirmation class of the Episcopal church at Antioch which was confirmed by Bishop Conkling Sunday afternoon.

Mort Savage and Mr. and Mrs. A. T. Savage visited the Harvey Mann home in Waukegan Thursday evening.

Mrs. E. W. King and Mrs. G. A. Lange and daughter, Barbara, visited relatives in Kenosha Thursday afternoon.

Mr. and Mrs. Harvey O'Hare and family from Waukegan spent Sunday afternoon at the Warren Edwards home.

Mr. and Mrs. Marvin E. Nelson and daughter, Barbara, from Sheridan, Ill., also Miss Elaine Nelson from Antioch visited Saturday night and Sunday at the Al Swenson home.

Mr. and Mrs. Sims and daughter, Joyce, from Zion were Sunday afternoon callers at the Earl Crawford home.

Mr. and Mrs. George White attended the funeral of the late Mrs. John Davis, at Libertyville, Monday morning of this week.

Mr. and Mrs. Earl Skiff of Petite Lake were Friday evening visitors at the Al Swenson home.

Sunday afternoon callers at the Max Irving home were Mr. and Mrs. Marvin Nelson from Sheridan, Ill.

Mr. and Mrs. Will Thompson and Helen called at the George Thompson home in Zion Wednesday evening.

MILLBURN

Mr. and Mrs. Cunningham and son, Jimmy, are moving this week to their new home at Deep Lake, and the Clarence Mair family will occupy the house vacated by the Cunninghams.

Miss Doris Jamison of Elgin called on friends at Millburn Sunday.

Miss Marjorie Shimmie of Prairie View was a week-end guest at the Roy Bonner home. Her parents, Mr. and Mrs. George Shimmie, were dinner guests at the Bonner home Sunday.

Mrs. W. M. Bonner, Miss Vivien Bonner, Mrs. W. C. Upton, Mrs. Emmet King, Mrs. James Cunningham, Mrs. J. S. Denman, and Mrs. Gordon Bonner attended the Women's Fellowship meeting of churches in the Northern Chicago area held at Mundelein Friday.

Miss Jean Bonner of Lake Forest spent Sunday at the Gordon Bonner home.

Mr. and Mrs. A. J. Johanson, who spent the winter in Corpus Christi, Texas, returned to Millburn Saturday.

Miss Jean Culver was honored with a bridal shower given in the church basement Tuesday evening by Mrs. Leslie Bonner and Mrs. Lloyd Atwell.

Forty-five guests from Lake Villa, Libertyville, Grayslake, Diamond Lake and Millburn attended. Miss Culver will be married Sunday, May 3, to Chalmers Woolley of Joliet.

Fred Letchford of Evanston spent Tuesday with his aunt, Mrs. Alice Spring.

Marc Edwards of Forest Park spent Sunday with his mother, Mrs. E. H. Edwards.

Lloyd Strang of Urbana spent a few days with his parents, Mr. and Mrs. Victor Strang.

The Boy Scouts will sponsor a public card party at the school house Friday evening, May 1. Pinochle, 500 and bunco will be played.

SALEM

Mr. and Mrs. Alfred Schmidt and sons, Robert and Larry, and Frank Schmidt spent Sunday in Milwaukee visiting relatives.

Mr. and Mrs. Henry Frautchy spent Monday in Chicago.

Mr. and Mrs. Byron Patrick spent Sunday afternoon and evening with Mr. and Mrs. Stanley Stoen at Bassett.

Mrs. Frank Dix spent Friday night and Saturday with relatives in Kenosha.

Mrs. Charles Wagin spent Monday in Chicago on business.

Miss Josie Loeschner was a Kenosha caller Monday.

Mr. and Mrs. Byron Patrick visited Mrs. Gertrude Davis at Bassett Saturday evening.

Mr. and Mrs. Herman Schultz spent Tuesday in Milwaukee.

Mr. and Mrs. Morton Romie spent

OUR DEMOCRACY

SAVINGS ACCOUNTS
IS ABOUT
46 MILLION.

Tanks for U. S. Fighting Forces

Uncle Sam's latest type tank, the all-welded 30-ton M-4, is being built by Fisher Body on an assembly line such as is shown above. The big battle wagon in the foreground is the first one off the line.

the week-end with Mr. and Mrs. Louis Romie.

Mr. and Mrs. Arthur Bloss Sr. spent Thursday evening with their son, Millward, at Wheatland.

Arthur Bloss, Jr., spent Saturday in Madison.

Frank Sherwood of Lake Villa, Ill., called on Ida Fiddler Friday.

Mrs. Byron Patrick, Mrs. Fred Stephens, Mrs. Lyle Woodbury, Mrs. Clarence King, Mrs. Arthur Feldkamp, Mrs. Orville Riggs, Josie Loeschner and Olive Hope attended O. E. S. in Kenosha Thursday evening where they took part in the evening entertainment.

Retain Old Memories
Aging people, as a rule, are able to retain their childhood memories with more or less clarity; while losing their capacity for remembering the much more recent events of their lives.

This 56-year-old gentleman has one of the most important war production jobs in the U. S. today. He is a Missourian by birth, having been born in the same Mississippi river town that Mark Twain (Samuel Clemens) first saw light of day.

He started out in life as a chemical engineer, receiving a degree in chemistry at the University of Missouri.

Then he came to Chicago and got a job with one of the largest mail order houses in the United States.

After that he advanced from one job to another until he was made chairman of the organization.

Around the first part of this year he was appointed to another important job by a gentleman who is doing all he can to put Hitler, Mussolini and Hirohito in their proper places.

He is now head of the War Production board.

His name? Sure—Donald Marr Nelson.

—Buy Defense Bonds—

Mr. and Mrs. Henry Frautchy spent Monday in Chicago.

Mr. and Mrs. Byron Patrick spent Sunday afternoon and evening with Mr. and Mrs. Stanley Stoen at Bassett.

Mrs. Frank Dix spent Friday night and Saturday with relatives in Kenosha.

Mrs. Charles Wagin spent Monday in Chicago on business.

Miss Josie Loeschner was a Kenosha caller Monday.

Mr. and Mrs. Byron Patrick visited Mrs. Gertrude Davis at Bassett Saturday evening.

Mr. and Mrs. Herman Schultz spent Tuesday in Milwaukee.

Mr. and Mrs. Morton Romie spent

LAKE VILLA

The District Superintendent of the Chicago Northern district will conduct the last quarterly conference of the year at the church next Sunday afternoon at 5 o'clock when all reports must be in, as Conference meets in June this year and every year hereafter. Anyone interested in church work is welcome to attend this meeting.

Mrs. Al Boehm and Mrs. Wallner will be hostesses for the next meeting of the Woman's Society of Christian Service at their home on Wednesday afternoon, May 6, and visitors are welcome.

The Mother-Daughter Banquet sponsored by the W. S. C. S. will be held at the church on Thursday evening, May 7.

Ben Cribb, who has his tonsil removed at Burlington last week, is improving and able to resume his work at Great Lakes.

The regular meeting of the Fox Lake Cemetery association will be held at the Monaville school-house on Thursday evening, May 7, and members are urged to be present. Eva Atwell, secretary.

Mrs. Daisy Riney, who spent the greater part of the winter in Florida and with her brother in Tennessee, returned home last week, but is suffering from an infected nerve in her face and has been quite ill. Her daughter, Mrs. Milmackey, of Negawee, Mich., is with her for a while.

Private John Nelson, son of Mrs. Ann Nelson, who has been stationed in California, is enjoying a furlough at his home here before being transferred to another station.

Private Jack Rhoades who has been stationed at a camp in Louisiana for some time, returned to his station the first of the week after a fifteen day furlough spent at his home here. Mr. and Mrs. Russell Nickerson and Mrs. Katherine Rhoades accompanied him as far as Chicago last Saturday.

Leonard Armstrong has purchased the Thayer property next to the Haley garage and will improve it. The Frank Galiger family has moved into it.

Mrs. Josephine Miller and Mr. and Mrs. Zack of Chicago spent Sunday afternoon at the Miller cottage here.

3 TOURNAMENTS SLATED FOR MAY AT LOCAL ALLEYS

Much interest has been evidenced by local kglers and keglerettes in the three tournaments scheduled for May by Louis Bauer, manager of the Antioch Recreation.

The first of the sweeps, the men's doubles, will be rolled off May 8, 9, 10 and 11. This event, which is advertised as a 400-scratch, two-thirds handicap, 200-pin-limit affair, is open to all Lake county bowlers. However, non-league bowlers who do not have an average must bowl from scratch. Entry fee is \$2.00 per person, bowling included, and teams may enter as often as they wish.

May 12, 16, 17 and 18 will see the ladies in full swing in a singles sweep. Scratch is set at 180, with two-thirds handicap. The prize list including bowling. The prize list including a special \$5.00 award for high series to the first two days, ending Saturday evening. This is the first ladies' singles to be held at the Antioch Recreation and is certain to draw a large field of good bowlers.

The windup of the tournament season will spotlight mixed doubles teams on May 22 to 25. Scratch for this event is 380, handicap two-thirds. Three dollars per couple pays the entry fee, with bowling included. Judging from the number of entries in similar tournaments on other alleys, this should attract a large field. Teams may bowl as often as they wish. However, Manager Bauer has asked that teams bowl only twice at crowded times. Reservations will take preference over those wishing to bowl more than once.

The Recreation alleys are in fine condition, and it is expected that new alley records will be hung up during the tournament play.

LEGAL

NOTICE OF TAX COLLECTION

Tax Collector John L. Horan will have possession of the tax books for the collection of 1941 tax until June 1, 1942. The hours of collections are: Monday, Tuesday and Wednesday morning at the State Bank from 9 A. M. to 4 P. M. Thursday, Friday and Saturday at the First National Bank, from 9 A. M. to 3 P. M. Both banks are closed on Wednesday afternoons. There has been no change in the method of payment of taxes. They may be paid in two installments and the first installment must be paid to the town tax collector by June 1, 1942. After June 1, 1942, a penalty is added. If in doubt as to any question covering your taxes, please call at the bank and we will do the best we can in furnishing you the correct information.

52 'Freshmen' Visit Antioch High

Large Attendance Indicates Record Enrollment in September

by Marty Winch

Antioch High was invaded by 52 prospective freshmen on Monday, April 27—and did A. T. H. S. love it! Big Brothers and Sisters, whose duty it was more or less to introduce the eighth-graders to the school and make them feel at home in it, were busily guiding their charges around before school and during the noon period, while during class time the grade-schoolers were taken on guided tours of the classrooms. A list of the visitors, the guides of the tours, of the high school students who acted as big brothers and sisters, and the program of the day for the eighth-graders follows:

Boy Group Leaders
Jim Jones—Elmer Hazelton, Raymond Toft, James McFarland, Jerry Carney, Glenn Houser, Robert Prince, Jim Roepack, Floyd Chapman, Harold French, Myles Van Duzer, Leroy Ellis.

Girl Group Leaders
Elaine Nelson—Gladys Drury, Dorothy Scott, Phyllis Chope, Marguerite Elbering, Velva Edelman, Gloria Patrowsky.

Adult Group Leaders
Alice Long—Marilyn Pollard, Doris Portwich, Janice Linn, Darlene Christensen, Rose Mary Morley.

Junior Group Leaders
Laura Jean Minto—Marjorie Peterson, Helen Wolf, Bernice Palasko, June Spangard, Peggy Harvey.

Senior Group Leaders
Jennie Nevelier—Alice Jones, Joan Felter, Dorothy Gilmore, Norma McBride, Dolores Gross, Esther Strang.

Gertrude Horton—Gertrude Hawkins, Phyllis Stoney, Vida Haley, Kathleen Ireland, Vivian Warren, Helen Schroeder.

Big Brothers and Sisters
Alice Long, Edna Barnstable, June Walker, Elaine Nelson, Johnny Dunn, Bill McGeorge, Bill Perry, Charles Vykruna, Earl Talley, Don Hutchinson, Bill Edinger, Richard Stoney, Dean Weber, Ruth Winnick, Laura Jean Minto, Rose Marie Zillhofer, Grace King, Freya Edmunds, Catherine Quinley, Shirley Wells, Vider Smith, Ella Fay, Helen Lyerla, Alice Denman, Alice Harvey, Ted Mapletorpe, Bill White, Laurel Jean Sway, Mildred Dow, Jennie Nevelier, Peggy De Baets, Sarah McBride, Joe Soder, Bill Dow, Bob Hughes, Bud Mapletorpe, Dale Barnstable, Gertrude Horton, Lenore Goodrich, Loretta Harwood, Edna Pedersen, Billy Maye, Rungard, Truichen Yopp, Charles Jorgensen, Jim Roepack, Ruth Schumacher, Walter Elbering, Edna Jones, Sammy Klass, Virginia Paulson, Bob Bennett, Louis Nielsen, Art Small, Ralph Gussarson.

8:30 - 9:00—Future Freshmen meet Big Brothers and Sisters in gym.
9:00 - 9:45—Musical assembly program.
9:45 - 11:30—Visited classes.
11:30—Lunch in cafeteria.
12:25 - 1:00—Assembly or recreation.
1:25—Gym circus.

Home Ec. Club to See "Fashions of the Hour"

(By Rosalie Sibley)
Members of the Home Economics Club of the Antioch Township High School will present "Fashions of the Hour" Wednesday, May 6, at the high school. Students in the home economics classes will present a fashion show in class in a style dictated by the direction of Miss Helen Olson, home economics teacher at the high school.

The style show will be open to the public and will start at 8:00 p. m. A banquet for members of the club and their mothers will follow the show.

Mother-Daughter Banquet Set for Wednesday Night

(By Rosalie Sibley)
The annual Mother-Daughter banquet will be held in the high school cafeteria Wednesday, May 6, The banquet, which is open to the public, will start at 7:00 p. m. Instead of the regular program, the members of the home economics classes will present a style show. Officers of the Home Economics Club will welcome the mothers and daughters.

The banquet will be under the direction of Miss Isabel Larney, home economics teacher at the high school.

Light Them Up
Candles should be used on your dinner table only when they are to be lighted. Tall candlesticks which keep the light above eye level are preferred.

NURSE SPEAKS TO SENIOR CLASS GIRLS

Miss Robertson, of the Illinois Nursing association, spoke on nursing to the senior girls of Antioch Township High school on Tuesday, April 28. Miss Robertson discussed the advantages of choosing nursing as a vocation, the requirements necessary to obtain enrollment at a nursing school, and other subjects pertaining to nursing. After the lecture was held a question and answer period, during which Miss Robertson set forth the answers to puzzlers on nursing.

Gym Exhibition Reveals Excellent Training at H. S.

Large Audiences Witness Training for Physical Fitness

(By Rosalie Sibley)

The Gym Exhibition, presented in two performances Monday afternoon and evening, April 27, was enjoyed by all spectators, as shown by the applause given the participants.

The program opened with mass calisthenics, in which both the boys and the girls took part. This was one of the most striking features of the demonstration. The girls' tumbling team did several stunts, followed by the boys with their "apparatus." Coach C. A. Wolfmuller, Jim Roepack, and Bert Jordan, dressed as clowns, kept smiles on the faces of everyone. Folk dancing of the girls and marching of the boys showed the results of excellent training.

The boys' tumbling team performed some remarkable feats. The three clowns appeared to be playing, but were actually performing some very difficult stunts. The boys' pyramid showed many weeks of hard work for they were nearly perfect.

A group of girls tap danced, looking very attractive in colorful skirts and white blouses.

Finale of the evening performance was the marching drill of the girls, colorful and executed with precision.

The demonstration was under the direction of Miss Helen Olson and Coach Wolfmuller.

Students Strive to Make 1942 Prom "The Best Ever"

(By Marty Winch)

"Under the Stars" is the theme of the annual Junior-Senior Prom, to be held at A. T. H. S. on Saturday evening, May 2. The juniors, under the direction and guidance of Miss Helen Olson, girls' adviser, and of C. A. Wolfmuller, boys' adviser, have been working long and hard to make this event a truly memorable occasion, and all indications point to a complete fulfillment of the Junior's promise that this year's prom will be one of the best ever.

Committees on the prom were as follows: Guests—Roman Pfannenstill, chairman; Una Nelson, Ted Smith, and Charles Fisher.

Decorations—Clare Sieber, stars; Ella Fay, wall; Bud Mapletorpe, sky line, lighting; Clara Wurster, moon; Jack Field, tables; Bill Edinger, chairs; Laura Jean Minto, table decorations; Doris Strang, sky; Jim Morton, awning; Dale Barnstable, portholes; iron.

Orchestra—Elaine Nelson. Programs—Carol Waters. Music will be furnished by Howard Gaston's orchestra, and the grade school subject band will provide a share of amusement and entertainment as well.

Ascend to Great Heights
Buzzards, condors, hawks, gulls and albatrosses can ascend to great heights and soar for hours without any apparent motion of their wings, by taking advantage of minor air currents through imperceptible movements of different parts of the body. The principle is similar to that by which a kite or glider is flown. A bird which is flying forward and upward against the wind without flapping its wings is in effect riding on an ascending current of air. The motive power seems to be supplied by very slight body, head and tail movements.

Skin Resistance
Within an hour after dangerous bacteria enter a scratch, the skin all over the body becomes resistant to those same germs. This discovery of natural resistance to infection, made in tests on rabbits, was reported in Science, journal of the American Association for the Advancement of Science, by F. Duran-Reynolds and E. Estrada of Yale university school of medicine.

VICTORY SPEAKERS NOW AVAILABLE AT LAKE COUNTY BUREAU

An excellent National War and Defense Victory Speakers' bureau has been established for the Lake County area, with headquarters at Room 102, County building, Waukegan.

Mrs. Abe Schwartz, Chairman of the bureau announced that almost 40 competent speakers are available. Talks on any War or Victory subject for five minutes or more in length are to be had.

Any group interested in having one of the Bureau's speakers for a meeting of any kind can make arrangements through Mrs. Schwartz at the Lake County Council of Defense Headquarters, Room 102, County Building, Waukegan, telephone Waukegan, Majestic 1146.

At the Speakers bureau meeting held Thursday evening Mr. Kilkelly, chairman, acting in Mr. King's absence, suggested to the speakers that in addressing their audiences that in war there must be unity and no partisanship shown; that no controversial subjects be entered into; and that speakers limit themselves to 10 to 15 minutes. In keeping with this, and perhaps the highlight of the evening, was the suggestion that the Bureau speakers be like a woman's skirt—short enough to be interesting, yet long enough to cover the subject!

Let 'Old Vets' Do the Paper Work, Legion Says

Replacement by the Army and Navy of men of fighting age by veterans of 1917 and 1918 in non-combatant tasks at military and naval bases, recruiting centers, and other rear line points is urged by the American Legion leaders in Illinois.

"There are at present thousands of soldiers and sailors performing civil duties of a purely clerical nature throughout the land, who, by their military training could be more useful in their respective fields in the armed forces," said N. Curtis Cation, department commander of the Legion in Illinois, speaking for his executive committee.

"On the other hand, there are many ex-service men of World War I, who by their age are disqualified from pres-

ent active service. Yet these older men are desirous of rendering a patriotic service now as they did twenty-five years ago. It would seem that by reason of their familiarity with service affairs they might well be utilized for non-combatant assignments.

Costly Rats
The annual toll taken by rats on the 121,002 farms in Nebraska has been estimated at \$6,053,100, or an average cost of \$50 a year to each farmer.

Yesir... you'll find all your chick raising needs right at our store.
